Sir,

Referring to your letter of the 28th August last, in which you state that an effort would be made to obtain the consent of the Hudson's Bay Company to waiving their claim to the S.½ of Section 8, Township 16, Range 1, West of the 1st Meridian, being the land which Mr. Walter C. Skrine desires to acquire, I am directed to request you to inform you the Department whether any steps have been taken by the Commissioner or yourself in this direction, and, if so, with what result.

I am further to advise you that if no action has as yet been taken in regard to this matter, the necessary communication will be addressed to the said Company from the Department; and to add that it would probably be better that communications of this nature should proceed from head quarters.

LETTER No. 11.850

REFERENCE No 8578

Calgary, 10th March 1896

Sir:-

Regarding the application of Mr.W.C.Skrine for water for irrigation purposes on a portion of Sec.8 - 16 - 1 west 5th Meridian. I may say that Mr.Skrine has made every possible endeavour to obtain title to that land outside of a direct purchase from the Hudson's Bay Company at the price they charge,$5.00 per acre. I presume,that if he is prepared to pay that price he could obtain title to the same at once. But he,like very many other ranchers,do not consider any land worth that for their purposes,which,I think,is a very fair argument. He simply desires the lands in question for the sake of compactness. The Government some two years ago made a proposition to the Company asking them to relinquish certain of their lands,Skrine's among others,in lieu of which others would be granted them of equal value. The company has not yet,however,signified whether it will accept but state they have not yet had sufficient time to look into the matter. I hope this matter will be finally decided before very long. I have thought it well to direct your attention to the fact,that Mr.Skrine's inability to acquire title is an excusable one to a considerable extent.

Extract from letter from Superintendent Wm Pearce dated Calgary 18th August 1893 to The Secy Dept Interior

In reference to yours of the 8th inst I have instructions to advise you that Mr. Stevens buildings and improvements are within Sec 8 & 16 - 1 West of the 5th Meridian.

According to plan furnished me by the D.L.S. Mills the buildings are on the NE angle of the 8th and the cultivation near the NW angle of the SE 1/4

The reserve in the Sec 8 was applied for by the Hudsons Bay Company to cover the buildings of the Hudsons Bay Company, but was refused as it was not considered necessary by the Department

× × × × × × ×

Mr Stevens made application for pre-emption (after having been notified that the land was reserved) of the NW 1/4 Sec 16 Tp 1 West of the 5th Meridian on the ground that the Hudsons Bay Company, as I understand, had no claim to the land as it was not considered necessary by the Department for the purposes of the Company. Mr Stevens has settled upon the land and has improvements to the value of $300 or $400 and is desirous of purchasing the land. I am of opinion that the Company should be required to relinquish their claim to the land and that Mr Stevens should be allowed to purchase it.

The E 1/2 of Sec 16 was also reserved for Common purposes at the time the Township was surveyed but as the Settlers have now all left the locality I am of opinion that the reserve should be cancelled.

If you will refer to the plan of Township 16 Range I west 5th Meridian you will find that only the easterly limit of Section 8 has been defined on the ground. I also refer you to the circular-letter of the 10th January 1895 from the Commissioner of Dominion Lands regarding cases where townships are not fully surveyed, of which the following is the ruling: ". .....it has been decided that a quarter section may be considered sufficiently surveyed to permit of disposal, when at least two of its corner boundaries have been established on the ground and such quarter sections will hereafter have their areas shown on the printed plan". Mr. Skrine desires to homestead no doubt the S.W.¼.of 8 and its area is not shewn on the plan. Can entry be granted him for it ? or could entry be granted under that ruling for the N.½.of the S.½., which would cover his buildings and most valuable improvements.

Regarding the sale to Mr.Skrine at the rate of $1.25 per acre. I had when writing the letter overlooked the fact that it was found, that under the terms of the Order-in-Council of 1893 and 22nd April 1893, a sale could not be permitted except within the leasehold; but as you are aware from the correspondence which has taken place, it was decided that Mr.Skrine was equitably entitled to purchase the land at the price mentioned providing an arrangement could be effected which would enable that to be done, for the purpose of which the lands were handed over to the Calgary

Sir,

With reference to your letter of the 18th ultimo, No. 1238[illegible], Ref. 8578, in the matter of the application by Mr. Walter C. Skrine to homestead and purchase the South half of Section 8, Township 16, Range 1 West of the 5th Meridian, I beg to say that upon reference to the plan of the township in question it is evident that from the ruling, quote and the lines of survey run in connection with section 6 it does not appear possible for Mr. Skrine to get entry to the South East quarter. He can, however, be given an entry for the South East quarter, upon which quarter section ~~he~~ has lost of his improvements, and be allowed to purchase the South West quarter at the rate of $2.50 per acre, taking, as its contents at the theoretical area of 160 acres. Should he pay up in full, however, the patent could not issue until a full survey has been made. From Mr. Skrine's own file of papers (364504) it is not apparent that he was ever given permission to purchase the quarter section adjoining his homestead at the rate of $1.25 per acre, and as the land has been surrendered by the Hudson's Bay Company for the purpose of making the grant to Mr. Skrine, no portion of

See yours of the 29th ultimo Ref.161.822. At least 90 p
per cent in value of Mr.Skrine's improvements are on the S.W.¼.of

-ly some cultivation and fencing on the S.E.¼. and he no doubt wi
will desire ,in fact,it would appear necessary,he should make home
-stead entry for the S.W.¼..

Would it be possible under the ruling quoted to grant him ho-
mestead entry for the N.½.of the S.½. and sell him the S.½.of the
S.½. ? It is true,the ruling states "quarter section" and probably
as a rule it is best to adhere to entries in that way. In this pa
particular case,I can vouch there would be no risk from want of kn
knowledge of the topographical features,to grant entry as desired.

If,however,fuller surveys are necessary before the S.W.¼.can
be entered,would the Topographical Branch accept the establishment
of the Southern boundary of Sec.8,a plan and field notes of same,p
properly signed and attested being furnished ? If so,I think it i

Replying to yours of the 19th instant. In order that there may be no misunderstanding regarding the S.½ of 8-16-1 west 5th Meridian, it may be as well to state that I find I overlooked in mine of the 12th instant No.12.843.

The necessary surveys being made, there is nothing to prevent you from homesteading the S.W.¼ and purchasing the S.E.¼. It was suggested it might be transferred to the Calgary & Edmonton Railway Company, as a portion of its land grant, and after being so transferred, that company might sell it to you at the rate of $1.35 per acre. In reply, it was pointed out, that as the Hudson's Bay Company had surrendered it to the Government so that your claim thereto might be satisfied, no portion of it should be handed over to the Calgary & Edmonton land corporation; and the only thing to do, could be to sell it at the price ruling at the date you settled there, viz.. $2.50 per acre.

Sir ;-

See your Ref 36130 D. Enclosed find copy of letter to me from Mr. W. C. Skinner ~~enquiring~~ requesting that the S. E. ¼ of 8 - 16 - 1, west of the 5th be sold him at $ I.00 per acre, on account of irrigation of same by him. He informed me that at least ¼ of the said ¼ section was now or shortly would be irrigated. His memorial shews that he can irrigate 75 acres in all on section 8 but does not state the number of acres on the S. E. ¼ thereof. Probably the plan filed with you will shew the area. In the recommendation of Mr. Dennis and self on this matter, it was suggested that the area of the non-irrigable portion sold should equal 3 or 4 times that of the irrigable and in disposing of any land under that system it would probably be well that that principal should be adopted say 4 acres of non-irrigable for one irrigable. Then if the entire area sold was irrigable it should be sold at a higher rate than $ I.00 per acre.

Thus if a person purchased 800 acres of which 400 was irrigable and 400 nom-irrigable, the non-irrigable portion, 400 acres should be sold at $ I.00 per acre, ¼ of that area of the irrigable 100 acres at $ I.00 per acre, balance 300 acres at the regular price.

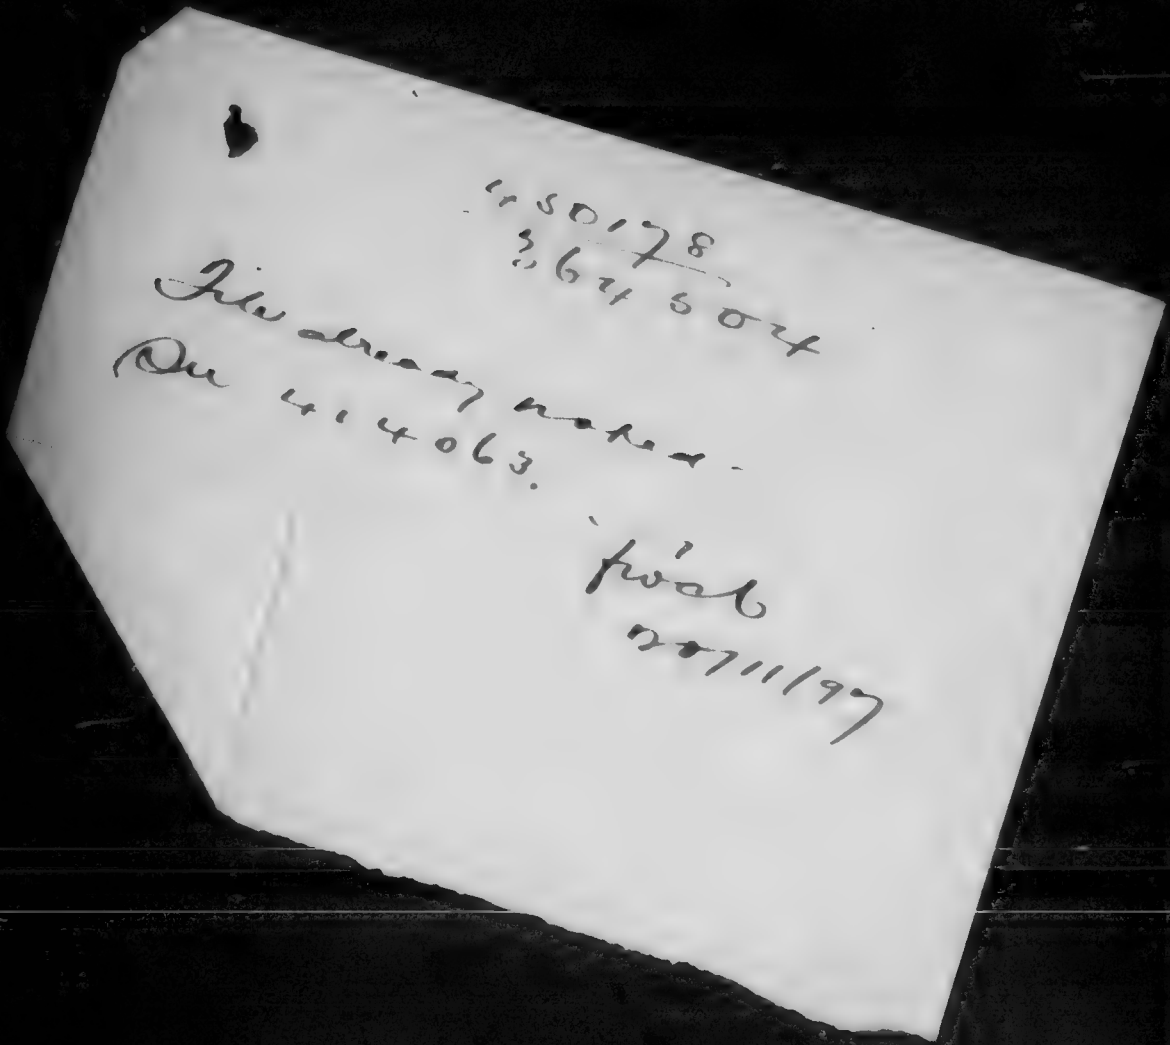

I beg to submit, Mr. Skinner's application to the favorable consideration. The ¼ Sec in question is at disposal of this Dept, having been relinquished to the HB

The Agent at Calgary forwards here a letter from Mr. Walter Skrine, who desires to purchase, at the rate of $1 an acre subject to irrigation conditions, the West half of Section 32, Township 15, Range 1 West of the 5th Meridian.

This land is vacant in the books here, and also in Mr. Ryley's Branch, with the exception of Legal Subdivision 4, which has been reserved for Stock Watering purposes, and I know of no reason why the land should not be sold to him, excepting of course the 40 acres reserved as above stated, the sale to be conditional upon the inspection and report of a competent officer of the Department as to the erection of the works necessary for the proper irrigation of the land being satisfactory.

This man is unquestionably a bona fide settler, as his extensive improvements & stock indicate. He has, however, only ½ acre of crop. Under our former practice nominal entries would have been accepted with stock where the land was unsuitable for agriculture. This evidence shews it to be grazing land.

Sir;

I have received your letter No. 30193, File 26517. Kindly refer to my letter June 14th/98 and note that my application to purchase was dependant on an assurance from you that I might be permitted to purchase the reserved legal sub division 4 at the same price when thrown open. Your letter takes no notice of this request and failing your compliance therewith, I will instead offer to purchase under the Irrigation Act the following lands, viz, The whole N. W. quarter section of sec. 32 T 15, R 1, W 5th and that portion of the S. W. quarter section of the above section which lies immediately north of the legal subdivision 4.

In further reference to this office letter of the 23rd of June last, No. 29[illegible], with to your letter of the 23rd ult., File 364504, re Mr. Walter Skrine's application to purchase the West ½ half of 32 - 25 - 1, west of the 5th. He now learns that Legal Subdivision 3 is not reserved, and therefore, is entitled to purchase with the remaining lots.

With regard to Legal Subdivision 4, it appears that if it is necessary for the settlement to have it this can be arranged by the settlement right to purchase it.

Mr. Sylvester writes that Legal Subdivision 5 is to be reserved, in accordance with Mr. Shrine's request, as a stock watering reserve, but Legal Subdivision 3 does not appear to have been reserved.

Department of the Interior,

Memorandum.

With reference to Mr. Cote's memorandum to you of the 14th ultimo, relative to Mr. Walter C. Skrine's application to purchase Legal Subdivision 3 of Sec. 32--15--1, W. 5th M., and to your decision endorsed on such memorandum that this legal subdivision may be included in the applicant's irrigation purchase, I beg to say that Mr. Dennis writes under date the 28th ultimo, stating that up to the present time no application has been filed in his office by Mr. Skrine for a water right for the irrigation of the said legal subdivision, and that it does not appear feasible to irrigate this parcel from the applicant's scheme to divert water from Mosquito Creek.

In view of this statement, please instruct me whether the sale of the legal subdivision in question is to be carried out. I may say that I do not think it should be.

With reference to Legal Subdivisions 5 and 6 and the N. W. ¼ of the said Section 32, I beg to say that Mr. Dennis reports that up to the present time no applications have been received from Mr. Skrine for a water right for any scheme for the irrigation of these lands; and that the only irrigation scheme constructed by Mr. Skrine recorded in his (Mr. Dennis') office is that in connection with the diversion of water from Mosquito Creek, but that the lands

in question do not appear to be capable of irrigation from that scheme owing to the contour of the country in the vicinity.

Mr. Skrine has paid in full for these lands at $3 per acre. They were sold to him at $1 an acre subject to irrigation improvements, but under our present regulations we sell at $3 an acre and a reduction is made after the improvements have been constructed. I think, however, as the sale was made before the existing system came into force and the lands have been paid for in full, a patent therefor should be issued to Mr. Skrine.

Sir,

Referring to yours of the 9 th ultimo, Ref. 364564, I beg to inform you that Mr. Dennis has furnished me with a copy of his report on this matter dated the 26 th ultimo, from which it appears that all that he considers necessary in the matter is a report as to the cost of such irrigation works with which I am to be credited.

On this head I would desire to say that I have put in and kept up all the irrigation works necessary to irrigate the available land in this quarter-section, and though in the course of ten years I have not kept a close account of the amount of money paid out on these works I feel sure that it would be ample to satisfy the Government requirements and I maintain that I should not be required to pay anything further than what I have already done viz: $1.00 per acre. If you will refer to your files you will find that this irrigation was done among the first and during a time when it was understood that if a reasonable area of the land purchased was irrigated the cost of the same should not exceed $1.00 per acre, and it was on that understanding that I purchased the quarter-section in question, and I never for a moment supposed that having completed a reasonable amount of irrigation on the land any further payment would be required. If that was the understanding regarding the price your files will no doubt disclose it and I think I am safe in asserting that several sales were made on that basis and patents for the lands have since been issued without any further payment. I was given to understand that these were the terms by leading officials of your department, particularly Mr. Pearce, and if you will refer to that gentleman I have no doubt he will corroborate my assertion. It is vital to my interests that the patent for the said quarter-section should issue without delay as I have disposed of the property and must make title good.

Sir,

Re yours of the 23rd ultimo, Ref. 364504 informing me that the sale of L.S. 3 of section 32 - 15 - 1, west of the 5th cannot be carried out, in reply I would state that on the 4th ultimo I paid for the Legal Subdivision in full at the price of $ 3.00 per acre, the regulation price for the land. The said legal subdivision has been sold by me to Mr. Peter Muirhead and he will insist on my making good the title, therefore I must insist on the Government carrying out its undertaking.

As to the point raised by you that I had been allowed to purchase it under the irrigation system as soon as I have time to obtain my letters relative to this purchase I shall communicate further with you on this point. In the meantime, however, permit me to point out that the scheme for selling lands for irrigation purposes do not contemplate that the whole of the lands should be irrigated, but I think it was ~~stated~~ insisted upon that those who acquired lands for such purpose should take a very considerable percentage of lands which are non-irrigable with those which are irrigable. In discusing this matter with the officials of your department they pointed out that it would be absurd to sell lands at a dollar an acre which could be readily irrigated, leaving the non-irrigable unsaleable. I think the contention of the officials of your department on that head was that at least 50% of the lands so purchased should be non-irrigable

The Secretary,

Department of the Interior,

722881

non-irrigable lands and no objection would be raised if 80% of them were such and in my application to purchase these lands under irrigation conditions I had strongly in mind the views of t e officials of your department in relation to this matter. When I applied for this land I did so fully intending to irrigation a portion of it as this particular legal subdivision is in itself worthless. Circumstances, however, have since arisen which have prevented me carrying out that undertaking and I have converted the balance of the proposed purchase under irrigation into a straight purchase paying you the full regulation price for the same and I never anticipated the point which you have raised in connection with L.S. 3 would have been brought up.

In conclusion I may say that I feel confident that on the representation of the facts as revealed in this you will forthwith cause a patent for L.S.3 to be issued to me.

Sir,

I beg to acknowledge the receipt of your letter of the 3rd instant, covering copy of your letter of the 2nd instant addressed to the Secretary of the Department of the Interior, at Ottawa, in reference to legal subdivision 3 of sec. 32, tp. 15, rg. 1 west of the 5th meridian.

In reply I would say that the information contained in those letters has been noted, and in connection therewith would refer you to my letter to you of July 28 last enclosing copy of my letter to the Department on this subject, from which you will note that it was pointed out by me that this legal subdivision was not included in your irrigation scheme and did not appear feasible of being irrigated by your scheme. As you have not furnished me with a copy of the Departmental letter to you dated August 23 last I am unable to express any definite opinion thereon, but assume that it was intended to notify you that the sale of the said legal subdivision could not be carried out under the irrigation system. From your letter of the 2nd instant to the Department at Ottawa it appears that you have paid for this parcel of land at the regulation price of $3.00 per acre, and so far as this office is concerned there does not appear to be any objection to your being allowed to purchase such legal subdivision at the ordinary regulation rate of $3.00 an acre. The sale of Crown lands under ordinary regulations

Walter C. Skrine, Esq.,

lations is not, however, one affecting this Department, and the question of your purchase of the said legal subdivision 3 of sec. 32 and the issue to you of patent therefor, is one which will have to be arranged by yourself with the Department of the Interior at Ottawa.

I may add that a copy of this letter is being sent to Ottawa for the information of that Department.

Your obedient servant,

L. V. Davis

Deputy Commissioner.

Sir,

With reference to Legal subdivision 3, sec. 32--15--1--W. 5th, mentioned in your letter to the Dept, July 28th, I beg to enclose you a copy of my letter to the Department who are now wishing to annul my purchase, and ask that you will kindly point out to them that this land should issue to me. Please note that this land is of no value in itself but as part of my sale affects my interests materially.

Yours truly,

Sir,

With reference to your file 364504, and the letter addressed to you by Mr. Walter C. Skrine on the 2nd instant, copy of which has been forwarded to me by that gentleman, in respect to Legal subdivision 3 of sec. 32, tp. 15, rg. 1 west of the 5th meridian, for which he states he has made payment in full at the regulation price of $3.00 per acre, and for which he desires to obtain patent, I beg to enclose herewith copy of Mr. Skrine's letter to me of the 3rd instant and of my reply thereto of this date, for your information in dealing with this matter.

As pointed out in my letter to Mr. Skrine there does not appear to be any objection to his being allowed to purchase the said legal subdivision at the regulation price of $3.00 an acre, so far as this office is concerned, but that the sale of Crown lands under the ordinary system is not one affecting this Department, and the question at issue is one which he will have to arrange with your Department himself.

Ref. 334504.

Department of the Interior,
Ottawa, 16th September, 1902.

Memorandum.

I beg to refer you to Mr. Gliddon's memorandum of the 13th ultimo, in which it was suggested that, in view of Mr. Dennis' statement that it did not appear feasible to irrigate Legal Subdivision 3 of Sec. 32--15--1, W. 5th, Mr. Walter C. Skrine's application to purchase this parcel should not be acceded to. Mr. Burpé, who was then Acting Commissioner, endorsed his approval of this suggestion on such memorandum. In this connection, please see also my memorandum of the 14th July last, on which you instructed that this legal subdivision should be included in Mr. Skrine's irrigation purchase. A scrip note for $120, covering the amount paid by Mr. Skrine for the land was then sent to him.

Mr. Skrine thereupon wrote to the Department under date the 2nd instant, stating that he had paid in full for the land at the regulation price of $3 per acre; that he had sold it to a Mr. Peter Muirhead, who would insist on his making good the title, and that it is, therefore, absolutely necessary for him that the Department should carry out its undertaking. He also contends that the scheme for selling lands under the irrigation system did not contemplate that the whole of the lands applied for should be irrigatel; that when he applied for the land he fully intended to irrigate it, but circumstances arose which made this impossible, and he, therefore, converted the balance of his proposed purchase under the irrigation system into a straight sale at the current rate.

J. G. Turriff, Esq.,
Commissioner of Dominion Lands.

Mr. Dennis

Mr. Dennis now submits a letter which he addressed to Mr. Skrine on the 5th instant, in which it is stated that he (Dennis) does not see any objection to Mr. Skrine's being allowed to purchase the legal subdivision at the regulation price, but being a sale of Dominion Lands under the ordinary system, it must be dealt with by the Department.

I think that, as Mr. Skrine has paid in full for this parcel, a patent therefor might, under the circumstances, be issued to him, upon his returning the scrip note for $120 forwarded to him as a refund for the purchase money.

In reply to your memorandum of the 4th instant re sale of Sec. 16-16-1-5 to Mr. W.J. Skrine under irrigation conditions, I may say that Mr. Skrine does not appear to have ever applied for a water right for the purpose of irrigating any portion of this land and, from the correspondence hereon, it is evident that, while he originally applied to purchase the land with irrigation conditions, and while the sale was made to him subject to such conditions, he long ago abandoned his intention to irrigate the land and has since tried to secure it at $3.00 per acre without irrigation conditions. He seems to have paid in full at this rate and this Branch has apparently no further interest in the sale.

Referring to yours of February 26th respecting the above lands we were surprised to learn that this land was taken up under the Irrigation Act and on searching the files and books of the Land Department here we find that Mr. Skrine on the 7th September 1900 paid $240.00 and on 30th September 1901 paid $756.00, making in all $996.00, which would be we presume the purchase price and interest at $3.00 per acre. We are writing to the Department here to furnish you with such information as they may have and hope the matter may be arranged as until the receipt of yours of 26th February last we understood the only cause of delay arose from the lands in that part of the Province not having been surveyed.

We have written to Mr. Skrine but as he is in Ireland it will take some time before we can hear from him and at present we do not know what information he can give owing to the length of time that has elapsed since the application was first made. should be given a period of thirty days within which to
state his intentions respecting the irrigation of the land.

Calgary, January 16, 1911.

I beg to acknowledge the receipt of your letter of the 17th instant - your file 1774 - enclosing the memorial and plans filed by Mr. W.C. Skrine in connection with his application to divert water from Mosquite Creek on the N.E.¼ of sec. 8, and from Snake Creek on the N.E.¼ of sec. 17, tp. 16, rg. 1, west of the 5th meridian, for irrigation purposes.

This application is submitted in connection with the sale to Mr. Skrine of the S.E.¼ of sec.16, of the same township, which was made several years ago under the same system. Recently Mr. Skrine applied for patent to this land, and it then transpired that he had not filed any application to irrigate it. He was informed, therefore, that such application must be filed before patent could issue.

The land affected by this application stands as follows in the records of the Department:

N.E.¼ sec. 8 - Patented to the Hudson Bay Company.
N.E.¼ sec.17 - Patented to Calgary & Edmonton Railway Company.
S.E.¼ sec.16 - Sold to Mr. W.C. Skrine, under the irrigation system.

As this matter has been outstanding for such a length of time, the irrigation application should be dealt with as quickly as possible.

(File No. 1774)

I beg to acknowledge the receipt of your letter of the 17th ultimo respecting the irrigation scheme of Mr. W.C. Skrine for the diversion of water from Snake creek on the N.E.¼ of sec. 17, tp. 16, rg. 1, west of the 5th meridian, and from Mosquito creek on the N.E.¼ of sec. 8 in the same township. With reference to the S.½ of sec. 16, tp. 16, rg. 1, west of the 5th meridian, which has been sold to Mr. Skrine under the irrigation system, I am directed to inform you that this sale was authorized on the 17th February, 1900 and the applicant was subsequently advised that the sale had been made and was subject to irrigation conditions. Subsequently it appeared that Mr. Skrine had not applied to you for a water right in connection with the irrigation of this land and that he had not taken any steps for carrying out the irrigation conditions under which the sale was made. He was then advised that he would be given a specified time within which to submit an application for water right: such application was subsequently made and the works have now been completed and the water license was issued in Mr. Skrine's name on the 19th September, 1912.

Mr. Skrine was advised a considerable time ago that he would be given credit for the cost of the irrigation works constructed

constructed by him up to a maximum amount of $2.00 per acre. The works should, therefore, be valued and as Mr. Skrine appears to have paid in full for the land at the rate of $3.00 per acre the value of the said works as certified to by you up to an amount not exceeding $2.00 per acre will be refunded to him.

Please have this valuation made and a report thereon submitted by the earliest possible date.

I herewith submit an estimate of the cost of the works in connection with the irrigation scheme of Mr. W.C. Skrine, which amounts to a total of $463.13.

I therefore do not consider the sum of $423.35 (stated by Mr. Skrine, to be the cost of construction exclusive of survey charges and cost of plans) to be excessive.

DEPARTMENT OF THE INTERIOR,

Ottawa, November 25th. 1912

MEMORANDUM:- Mr. N.C. Cote,

Patents Branch.

The S.½ of Sec. 16, tp.16, rge. 1, west of the 5th meridian was sold in 1900 to Mr. W.C. Skrine subject to irrigation conditions. This Branch was not informed of the sale and the Commissioner of Irrigation had no knowledge of it.

Mr. Skrine appears to have paid in full for the land at the rate of $3.00 per acre. Some time ago he applied for patent and it was then found that he had not complied with the conditions of the sale respecting irrigation. Mr. Skrine asked to be allowed to complete the purchase at $3.00 per acre without irrigation conditions but the Department declined to permit this.

Mr. Skrine on 16th December, 1910, submitted an application for water right for the irrigation of 80 acres of this half section, and on the 24th July, 1911, he was authorized to construct the necessary works. These works have now been completed and on the 19th September, 1912, a water license was issued to Mr. Skrine. The Commissioner has certified that the works cost $46[illegible].13, which amount may be credited on the purchase of the S.½ of the said sec. 16; this will necessitate a refund of that amount being made to Mr. Skrine,- assuming that the land has been paid for in full by him.

I am sending you the irrigation file 575[illegible] T.G.I. and copies of ref. 875595 thereon which should be attached to H.O. File 364504. I presume that as this sale was dealt with exclusively in your office and as payment in full was made some time ago you will take the necessary steps to have the proper sum refunded to Mr. Skrine and patent issued in his name.

We duly received yours of the 15th inst. enclosing the cheque referred to, for $463.13, refund in connection with the above land.

We are enclosing the receipt for the cheque already sent us which has been signed by our Mr. Muir who holds a Power of Attorney from Mr. Ekrine which has been duly registered and of which a copy was filed with the Department here in the course of the proceedings.

With reference to the request of Mr. Skrine's solicitor that an additional sum of $14.00 be credited on account of the cost of the Irrigation works constructed- this cost representing the cost of advertising the application- I beg to say that, upon receipt of your certificate, dated 18th November last, to the effect that $463.13 should be credited to Mr. Skrine as cost of the works constructed by him, steps were taken to adjust the account in accordance with your certificate. This was done and, on the 13th ultimo, a cheque for the above amount was forwarded to Mr. Skrine- refunding to him the sum overpaid on account of this land. The account has, therefore, been closed and will not be reopened unless Mr. Skrine is prepared to bring the matter further. It would appear to me that if not we cannot do anything in the direction of making the survey suggested by the Inspector, as the matter is purely a municipal one. I shall be glad to have your views.

Sir,

In reply to your letter of the 11th instant, No. 4471 ~~on~~ 3860, I am directed to say that so far as the Commissioner is aware, there is no objection to Mr.A.E.Roberts being permitted to withdraw his application & homestead the North half of Section 6, Township 38, Range 24, W.4.M., and to be permitted to homestead in lieu thereof the N.E.¼ of Section 2, Township 38, Range 25, W.4.M., and to purchase that portion of the South East quarter of the same section lying north of the River containing 37.4 acres.

As, however, it is important that stock watering places should be carefully protected, the Commissioner deems it advisable to submit this application for the consideration of Mr.Pearce, and he is accordingly doing so, and in order to avoid any unnecessary delay, he will ask him to communicate directly with you in order that you may advise Mr.Roberts of the decision arrived at and take such action as may be necessary.

It will be necessary for Mr.Roberts to file with you a formal abandonment by Mr.John Jones, the squatter who has occupied a portion of this land in order to avoid any conflicting claim hereafter.

Your obedient servant,

Secretary.

COMMISSIONER.
DOMINION LANDS

Department of the Interior,
Ottawa, 30th October, 1900.

Memorandum.

Mr. Frank Young, of Lacombe, Alberta, applies to purchase twenty acres of the N. W. ¼ of 32--41--26, W. 4th, on which quarter-section, he states, he is located. The parcel applied for, which adjoins the N.E. ¼ of the same section, is, the applicant says, the only portion, with a very small exception, of the quarter-section first mentioned suitable for farming, the remainder being a large swamp.

The land indicated by Mr. Young appears by the township plan to be the area lying to the east of the right of way of the Calgary & Edmonton Railway, which runs through the quarter section. This area contains ~~thirty~~ forty acres, not twenty acres, as stated by Mr. Young. It is vacant in the records of the Department; and, provided the Local Agent of Dominion Lands knows of no objection to the contrary and the applicant has not already purchased Dominion lands to such an extent as would make this purchase exceed the area stipulated by the Statute, I recommend that he (the applicant) be permitted to purchase the ~~thirty~~ forty acres at the current rate and on the usual terms.

Commissioner of Dominion Lands.

Ottawa, 13th November, 1900.

Sir,

Mr. Frank Young, of Lacombe, has applied to purchase 20 acres of the NW¼ 22-41-26 W.4th M., or which quarter section, he states, he is located. The parcel applied for, which adjoins the NE¼ of the same section, is, the applicant says, the only portion, with a very small exception, of the quarter section first mentioned suitable for farming, the remainder being a large swamp.

The land indicated by Mr. Young appears by the Township plan to be the area lying to the east of the right of way of the Calgary and Edmonton Railway, which runs through the quarter section. This area contains 30.08 acres, not 20 acres as stated by Mr. Young. It is vacant in the records of the Department; and provided you are aware of no reason to the contrary, and the applicant has not already purchased Dominion lands to such an extent as would make this purchase exceed the area stipulated by the statute, he may be permitted to purchase the 30.08 in question at the current rate and on the usual terms. Please communicate with him in the above sense.

Referring again to your letter of the 15th ultimo No.4483 on 4726, regarding the reserve of part of Section 2, Township 40, Range 26, W.4.M., for Mr.James Smith, I am directed to say that Mr.Smith called at this office yesterday morning and informed me that he made entry for the N.W. of this Section. He now desires to purchase the S.W.4 which is cancelled land at the current rate of $3 per acre. His son, William Smith, desires to enter for the S.E.4, and a friend of theirs, Mr.William Brown, wishes to acquire the N.E.4. You will, therefore, be good enough to hold the Section for a reasonable time in order that these entries may be made.

Mr.Brown of Red Deer, already has authority to make entry for William Smith and Mr.Brown is also applying to have Mr.Brown appointed his agent to make entry.

Will you be good enough to communicate with Mr. James Smith, Sunbury, P.O., County Frontenac, Ontario, and inform him of the amount that he is required to pay for the S.W.4. I understand that there are some improvements on this land and it will be necessary for you to ascertain their value which Mr.Smith will be required to pay in addition to the purchase money.

(Personal)

N.H.Smith Esq..
Commissioner Dom.Lands.
Winnipeg.

Dear Sir,

Yours of the 15th ultimo re F.D.Shaw, was duly received. I have just heard from him and he states he cannot give the date he first applied for his first homestead entry. He says there is a note, or should be one, on file to your Dept. from him applying for William Henderson of Lethbridge to enter for him.

He states that he commenced to reside there in 1884, and I am personally aware that he is one of the oldest settlers on St.Mary's River. He says that he never was officially notified that the land was open for settlement though he applied twice to the late Mr.Kirby, and that Mr. Henderson also applied. He claims also to have applied once to Mr.Rickards and once to Mr.Young when he rec'd. his entry. He claims that a neighbour, G.P.Ashe, got his entry for first homestead after he (Shaw) and that Ashe has since rec'd. a 2nd entry or at least an entry for 2nd homestead.

I have no doubt but that Shaw did apply for entry immediately after the survey and I further believe he was refused on account of some misunderstanding existing in

your

your Lethbridge office in Mr.Kirby's time as to the lands granted the North western Coal and Navigation Company

,Prior to the survey they, the N.W.C & N.Co. were granted the fractional Tp. lying East of St.Mary's River while Shaw is on west side in same Township.

Under the cirdumstances I trust you will be able to give a favourable decision. Awaiting your reply

Yours very truly,

Sir,

I beg to submit the application of F.D.Shaw for permission to make a secnd homestead entry, he having been recommended for patent for his first homestead , the E.½ of the N.E.¼ of Section 6, and the West half of the North West quarter of section 5, all in Township 3, Range 24, W.4th M. on the 13th of september 1893.

Shaw obtained his entry only in June 1892, but I anclose herewith copy of a letter received from Mr.C.L. Magrath, M.L.A., dated the 4th instant, from which it appears that since 1884, Shaw has been in actual residence upon the above quarter-section; that he made several applications for entry,and,in short,did everything in his power to secure entry prior to the 2nd of June 1889.

Enclos:

Had he succ3eded in this there is no doubt that he would be e ntitled to second entry for which he now asks and although he failed, it seems to be possible the Department may decide that, having done everything in his power to secure an entry and failing to do so for reasons quite beyond his control, the application may, in view of all the circumstances, be granted.

The Commissioner would like to hear from you as early as possible in the matter.

Office of the Superintendent of Mines,
Calgary 9th December, 1889.

Sir,

In reply to your letter of the 21st October No. 151128 on 154366, I would state that the case has become considerably mixed, owing to a complication of mistakes, and the applicants not stating clearly what they wished, and I think, therefore, it would be better to review the matter from the beginning.

I had an idea (conveyed, I think, by a communication from the Head Office but of that I am not certain) that this township had been handed over to the North West Coal & Navigation Co.
The first mistake was caused by a letter from the Head Office, in which it is stated that as Shaw's Claim is within the grant to the N.W. & N. Co., he could only be protected to the extent of 320 acres. I did not think it worth while to refer to the Order-in-Council itself allotting this township, but it has since transpired that only that portion of the township lying North and East of the river was granted the Company, so that its claim need not be considered in connection with this case.

As to Shaw's claim to 320 acres, as a homestead viz:- N.W.¼ 5 and N.E.¼ 6 and the right to

The Commissioner
of Dominion Lands,
Winnipeg.

preempt
----

preempt the N.E.¼ 5 had it not been for the belief that his claim could not have been granted to a greater extent than 320 acres, it is probable that I would have recommended that he get the N.W.¼ 5 as a homestead, on which his buildings are, the N.E.¼ 6 on which his cultivation is as a preemption, and that he be allowed to purchase that portion of the N.E.¼ 5. lying West of the St. Mary's River.

Before, however, he completed his entry I am asked by yours of the 12th August last, No. 145512, on 15[illegible]8, if there is any objection to Shaw relinquishing his right in favour of one Hasper, and I recommended that he be allowed to do so. What Shaw was allotted was the privilege of homesteading the E.½ of the N.E.¼ 6 and the W.½ of the N.E.¼ 5 lying West of the River.

It now appears that that is not what was desired, what Shaw asked was that he might resign his right of preemption to the portion of 5, lying West of the river in favour of Hasper, and take a preemption to the West of his Homestead, and it would appear that Hasper had been told that he could homestead the [illegible]¼ of the N.W.¼ 5 and purchase that portionof the N.E.¼ lying West of the river, Shaw taking, as stated a preemption to the West of his homestead, and it was upon the Agent calling my attention to this, and that it was within the grant to the N.W. Coal and Navigation Co. that I stated that whatever claim was represented by Shaw or Hasper, or by both, must necessarily be restricted to 320 acres. I do not see how Mr. Hasper can be granted a homestead on 5, it being an odd numbered section, but I see no objection to allowing him to purchase whatever the latter might take

take, if he so desires, as suggested L.S. 10-11-14 and 15 of Sec. 3.

Dear Sir

I intended seeing you when last in Lethbridge about my ranche on this river, but it slipped my memory - If you would give the contents of this letter your earliest consideration you would greatly obleige -

In the spring of 1884 a Mr. Morris and myself took up a ranche here, we worked it for two years as partners with the understanding that whenever the country was surveyed our lands should join - In the spring of 1886 we dissolved I took the ranche paying him something like $300.00 for his right to a quarter section - now can I or will the Government allow me to take this extra quarter outside of my homestead and preemption, if they will not - then I will have to buy - Last summer this part of the country was divided up, I find myself on III - XXIV - V the west half of it, on house and all buildings on south-west quarter, faid 20 acres of broke land on N. East quarter of section six with a large river behind me and mostly river bottom for preemption

and

and all of such for homestead with a quantity of timber on each 1/4 sec. in fact fit for nothing but pasture.

Now what I want to know is this, can I preempt a quarter of section six where my ploughed land is or have I got to throw it up and lose all that amount of work - If I cant preempt this 1/4 section would it be possible for me to buy on easy terms; my place is utterly worthless as it is except for stock or farming, I cant preempt over the river for half the time I could not get to my ranche on account of high water - at least do not allow any one to take up this 1/4 sec. six until this is settled - Is it necessary for me to enter my land at once to be able to hold it - If you have not the power to settle the above difficult problem would you kindly consult those that have, by so doing you will greatly oblige

Yours truly

I have taken up N.W 1/4 sec. 6 T. 3 R 24 west 4th M. Mr Shaw who has homestead & preemption on W½ sec 5 T. 3 R 24 is willing to exchange his preemption for my homestead

The reason for my wishing this exchange is that having cattle I want to put up my buildings and corals on what is now Mr Shaws preemption owing to their being lots of water and shelter on that 1/4 sec, the 1/4 on sec 6 being without either water or shelter.

Mr Shaw is anxious to have N.W 1/4 sec 6 for his preemption as he has some 20 odd acres broken there, he having taken up in 1884 -

Would be glad if you could let me know your decision at once as I have to get on with the work, haying, building &c and the time is short.

In further reference to your letter of the 12th August, 14531 2, Ref. 154668, I beg to state that when in Lethbridge a few days since my attention was directed to this matter.

You will notice that in your letter referred to me you ask my opinion as to Shaw relinquishing his claim, and Harper obtaining it, but appears from the records in the Agent's office that the latter is desirous of making homestead and pre-emption entry in this township for a portion of the land granted Shaw, Shaw desiring to take other lands in lieu of those relinquished, each to acquire 320 acres. This township has been handed over to the North West Coal & Navigation Co. as part of their land grant. If Harper was a bona fide settler on the land prior to survey, and also prior to the township being granted this corporation, under the terms of the grant the Government could protect him to the extent of 320 acres, but if he were not, he would have to obtain the land from the company; therefore, before anything can be done in his case, it will be necessary to obtain evidence as to the time he settled. The township plan shows only one holding, that of Shaw, and I verbally instructed the Agent to take no action until a reply had been received from you.

I am [illegible] Early then April
[illegible] refused to [illegible]

Surby, stating the map was wrong but to come again which I did only to be refused again on the same excuse. I also got power of attorney for Wm Henderson to enter for me he also was refused, I made another trip down (100 miles round trip) Mr Hannah was there, & complained why Mr Kerby would not let me enter, he said he was only there for a short time & would not. I waited till Mr Kerby returned, the next trip was when Mr Young had charge, he told me there was no reason why I could not have entered as the same map was there that I saw, & could do, in proof in Mr Kerby's time. If I am to have my second entry on account of the mistakes of incompetent agents it is hard. I am the first settler in this part of the country & have complied with the land regulations, I feel to secure on my second entry that I made improvements on the 1/4 sect of it. I am. Unless I can get my second entry very soon my present ranch will be of very little value

I am afraid from now some one may have secured this 1/4. If there is any chance for me kindly write Agent Kittridge & reserve this 1/4 sect of my present homestead & you will greatly oblige

Yours truly

[illegible] September 1902

Sir,

I am directed to say in reply to your letter of the 12th instant that the Commissioner regrets it is not in his power to grant you the privilege of obtaining a Homestead entry, as land covered by your first Homestead was not on the market at the time you settled on it and, possibly, as you claim there may have been some little delay in granting the entry, which was not chargeable until June 1902.

As I am informed by the Department of Justice has ruled that notwithstanding the fact of a Homesteader having fully completed his duties prior to the 2nd of June 1902, it is now entitled to the privilege in question unless his entry was actually made prior to that date.

The Commissioner would be very glad indeed to comply with your wishes were it in his power, but under the circumstances, as they exist, he is quite unable to do so.

Dear Sir

I have to acknowledge your letter of the 1st inst. & P.S. of the 2nd inst. duly received. I have just heard from Mr. Clarke that he cannot see his way to forward the application for the pre-emption of the Lake Pasqua Reserve & should be much obliged if you would forward the application for the Hudson Bay Co. to the Minister of the Interior. Mr. Clarke informs me that he commenced to build there in 1882 & has personally made that his headquarters ever since. He says the Reserve was officially reported H.B.C. Land was open for settlement through the application of Mr. Clarke. Mr. Kirby & Mr. Henderson also applied. Mr. Clarke also believes applications were made by Mr. Richardson & one by Mr. Young when he left the Valley.

Sir,

I beg to submit the application of F.E.Shaw for permission to make a secnd homestead entry, he having been recommended for patent for his first homestead, the E. of the S.E.¼ of Section 6, and the West half of the North West quarter of Section 5, all in Township 3, Range 21, West 2nd, on the 13th of September 1[illegible].

Shaw obtained his entry only in June last, but I enclose herewith copy of a letter received from Mr.C.L. Magrath, C.L.S., dated the 10th inst., from which it appears that since last June, Shaw has been in actual residence upon the above quarter-section; that he made several applications for entry, and, in short, did everything in his power to secure entry prior to the End of June last.

Had he succeeded in this case there is no doubt that he would be entitled to second entry for which he now asks and although he failed, it seems to be possible the Department may decide that, having done everything in his power to secure an entry and failing to do so for reasons quite beyond his control, the application may, in view of all the circumstances, be granted.

The Commissioner would like to hear from you as early as possible in the matter.

Lethbridge, 9th October, 1894.

Sir,

I have the honour to acknowledge the receipt of your letter dated 25th ultimo, Ref: 34921 and in reply I beg to say that F.D. Shaws declaration of squatters claim shows that he settled upon the land, subsequently entered for, in April, 1884. A letter from the H.O. dated 14th June, 1889 Ref:168911 shows that up to that date these lands were considered part of the reservation for the North West Coal and Navigation Company. This will account for Shaws entry not being made before the 2nd June, 1889, although there is nothing on record in this Office to show that he made application to enter prior to that date except his declaration of Squatters claim dated the 5th October, 1888. From the letter from this Office to which the above mentioned letter from the H.O. is an answer there can be no doubt but that Shaw had applied for entry at or before that time 29/5/'89.

Sir,

Referring to Mr. Ruttan's letter of the 12th ultimo, No. 307121, Ref. 154668, respecting the application of Mr. F. D. Shaw for permission to make a second homestead entry , I am directed to say that, in view of the fact that from the records of this office it would appear that the land on which Shaw settled in 1884 was mistakenly supposed to be a part of the reservation for the Northwest Coal and Navigation Company, and since it would thus appear that Shaw was refused entry under a misapprehension, there is no objection to counting, for the purposes of this application, the residence which Shaw performed on the land before obtaining entry.

In this connection I am to send you a copy of a report of the Agent at Lethbridge, which renders it clear that Shaw applied for entry before May, 1889.

Dear

Mr. Hall,

On personal enquiry of Mr. Talbot's Secretary I learn that this section of land is not intended to be used as an ordinary quarantine reserve, but generally for the purposes of the Customs Department. The first thing to do is to get the Railway Company to relinquish the land, and then we must hand it over to the Customs Department by Order in Council.

The Hon:

Sir,-

I have the honor to acknowledge the receipt of your letter of the 29th October in re. certain land asked to be reserved for Customs purposes near to the present Ford of the St. Mary's River and the Police Reserve at that point, and to say in reply that the reservation of this section will be of great value to the Customs Officer to be located at that point as it will enable him to secure count and inspection of Settlers Stock and other Live Stock arriving by Trail at the St. Marys-

In the case of Shee or large numbers of other Stock this is not the easy matter that it appears to be and the ownership of a section of land will materially help. Parties arriving by Trail for entry at Customs require some place to camp while the inspection is being made and the entry and report prepared; Settlers in the vicinity owning land object strongly to the sheep or other animals so arriving being rounded up and then allowed to run over their properties--

When in the West last I understood that this reservation had been secured and that no other action was now necessary on my part to complete the transfer and save the Section from other sale or allotment to others--- I had under

stood that the correspondence was with the Commissioner of Customs by the then Sub-Collector direct.

In this connection it may be that the Acre that Mr. Colles of Colles N. W. T. wishes now to purchase is of every value to the Section under consideration; it may be that this Acre is valuable for its water or for its position as regards the St. Marys River or the Trails and on this account I would ask that the permission of the Department for a sale of the Acre be for the present withheld and that the Department of the Interior be asked to now make arrangements for a transferof the Section to the Customs Department.

Referring to your letter of the 12th ult. re the reservation for the use of the Customs department at St. Marys, Alta., of Section 17, Township 2, Range 24 West of the 4th Meridian.

I observe that only the south half of the section and the north-east quarter thereof are available,- that the other quarter has been disposed of by the Calgary & Edmonton R. Co. You ask whether that portion of the section will meet the needs of the department, and if so that arrangements be made to have the property conveyed to this department. In reply I would state that the amount of land reserved will, I think, be sufficient for the needs of the department and consequently I will be glad if you will arrange to have it reserved for the use of this Department.

Sir:- re.... N.W.¼-28-47-21-W.4th-ESTATE JOHN RENALDO

I beg to enclose Letters of Admin stration in my favor A duplicate copy of these was sent by me to the Dominion Lands Agent at Wetaskiwin some length of time ago, shortly after which Mr. C.T.Wetterberg, acting as my appointee, made an application for patent. I understand that the recommendation has been issued for this land with a direction that the patent is not to be issued until Mr.Wetterberg files Letters of Administration or evidence that he is a British subject: this direction was, of course, on the supposition that Mr.Wetterberg was the Administrator.

In view of the facts as they are now brought to your notice you can no doubt write us that the patent will be issued in the course to me as Administrator.

Dear Sir

I wrote the H. H. Smith Commissioner of Dominion Lands Winnipeg on 24th Sept. last to be allowed to enter for a Second Homestead obtaining an assignment for improvements on that left between Edmonton & Strathcona & to which I am entitled for my Settlement duties & successful

In 1897 I worked for Mr. H. C. Thompson then the Land Agent of the Edmonton and Fort Saskatchewan Land District & having discovered the S.W. 1/4 Sec. 8 Tp. 52 Rge. 24 W. 4th Mer. to be of value I applied for the Timber & Coal rights of said claim for me & to locate the Ruby Iron Creek Coal Mine was then known & had the Timber & Coal rights in the adjoining Sections & applied to Mr. Smith to have made entry for said claim, which he did not make entry then but decided to reserve it pending further enquiries

In 1898 I applied for the S.W. 1/4 Sec. 8 Tp. 52 Rge. 24 W. 4th Mer. Edmonton Land District (Homestead entry) & on the 28th November 1898 (see letter enclosed from the Dominion Land Agent Edmonton) for which I subsequently made entry. I received my Recommendation for Homestead patent dated 11th Feby 1899, then discovered that Mr Thompson had omitted to pay for it. I then had the matter of locating & paying for it. Then from the pressure of business & a number of good Sections

My wife, her brother Wm Shumley (Homestead 604, Range 24 W 4th) Wm Shumley's wife, her brother Emanuel Gross who has also a Homestead patent in the same Settlement, Thos. Griffin

2) 4 friends of theirs My unfortunate brother & 2 children & friends of theirs - Wm Chumley has now a large growing family - I have a son growing up who is now old enough to take an interest in the farm

I write you in the hope that now the present Government is in power you will on your own behalf to grant me a Second Homestead

Hon.H.H.Smith,

Commissioner of Dominion Lands,

Winnipeg, Man.

Dear Sir,

May I be permitted to "enter" for the N.W.¼ and the S.W.¼ of Sec.31, Township 54, R.20, W.of 4th Initial Meridian, Edmonton District for myself and my son as homesteads?

There have been no R.R.lands selected in that township and only one homestead has been entered for (that in Sec.30) The township is on the summit of the Beaver Hills and comprises sand hills lakes swamps and muskegs and is unfit for settlement except a very few pieces on the wedge. The East half of this (31) Sec. is all sand hills with a few scrub pines on it but the West half is very fair.

I entered for a homestead for myself a quarter Sec. recommended to me by Mr.Smith the Dominion Land Agent at Creighton, Nebraska, and it was so poor and rough I was glad to be allowed to abandon it this summer early and I have been looking ever since and have failed to find anything that I care for except the land I have described, on this side of the Beaver Hills, and I do not feel inclined to go on the other side of the Hills I would much prefer to settle in this District, as I have a son located in this district.

I have put up a cabin and made some hay and would like to remain here. It is getting late to make any change. I knew it was Govt. land that is not R.R. land. Mr.Anderson says the uneven numbered sections are not open

for

for entry, but as this is about all there is in that whole township suitable for settlement I have taken the liberty to address you in hopes that you might and would grant my petition.

Most respectfully,

Sgd. William Henry Camack.

In addition to which wood, coal, gold and other minerals are found all through the district. Lumber is in all the principal Lakes and Rivers. Game is plentiful. The climate is simply grand.

Having all these advantages it is no wonder that the district is drawing the attention of, and has for some time past. Everything indicates that the principal portion of the immigration into the west this year will come for this District.

File 35566

Department of the Interior,

Ottawa, October 17th, 1906.

Sir,

In reply to your letter of the 6th instant, file No. 1575, I am directed by the Commissioner to say that under the circumstances the Reverend A. Lilge must be allowed a reasonable time within which to file a proper application for L. S. 15 of Section 31, XX"X 54, 20, West 4th as a grant for mission purposes. Should he fail to do this the full quarter section may be granted as a homestead to Mr. Max Gunther. Meantime if Mr. Gunther desires to buy acquire L. S. 11, 13, and 15.

Referring to the last paragraph of your letter I am to say that you are not correct in assuming that all applications for lands made at an Agency take priority. It is scarcely possible to issue any definite instructions in the matter, but each case must be decided on its merits. Generally speaking I may say it is the intention of the Department that the first applicant should always have consideration whether the application is made to the Agent or to the Department.

Frederick Pedley

Praise worthy Government. 52907

I enclose herewith $. 10,oo entry fee for 40 acres of land for Church purposes. I permit myself, however, in the name of the Congregation respectfully to ask the praise worthy Government, that instead for the 40 acres upon 31 - 54 - 20 , the north eastern 40 acres of north west quarter 35 - 54 - 21 to be given to the German Evangelical Lutheran Bethania Congregation as Church land. This exchange will without doubt not cause the praise worth Government any trouble and the praise worthy C. P. R. Company may remain on either, from which they give the 40 acres. These 40 acres are situated more in the centre of the congregation, when on the other hand the former wholly in a corner of same. The Congregation hadi in the first place applied for these 40 acres on 35 - 54 - 21. from the Government but on all enquiries about this quarter, from the Local Agent, the C. P. R. it was states that it sold, now, however, it is shown that it is yet open. If it is at all possible the praise worthy Government should be pleased to grant these 40 acres upon 35 - 54 - 21 to the said Congregation instead of these on 31 54 20 ; the Congregation would appreciate and feel thankful for this favour from the high Government. Should it, however, not be possible then the Congregation asks for the first 40 acres.

I wrote about the 40 acres upon 35 - 54 - 21 also to the C. P. R. Company.

The patent, of these last or the first 4 0 acres, the praise worthy Government will please write out in the name of the " German, Evangelical Lutheran Synod of Manitoba and the North West" Alberta, Canada for the German Evangelical Lutheran Bethania Congregation at Beaver Hills, Alberta, Canada.

Neither the Synod nor the congregation is incorporated.

Awaiting favourable reply etc:

LETTER

FILE 365078.

Department of the Interior,

Ottawa, 27th November, 1893.

Sir,

You have reported in your return of the 8th instant, a homestead entry for the North West quarter of Section 31, Township 54, Range 20 West of the 4th Meridian in the name of James Fisher.

In this connection I beg to ask you whether the Minister of the German Evangelical Lutheran Bethania Congregation, who had applied for 40 acre grant, for mission purposes, out of this quarter section, notified you of his intention to abandon the proposed grant. This gentleman has written to the Department here lately asking that another legal sub-division be selected to replace the one applied for in section 31. Steps are now being taken to try and secure the land mentioned in his new application. The land now required for this branch is legal sub-division of Section 35, Township 54, Range 21 West of the 4th Meridian.

Reverend Sir,

With reference to your letter of the 25th ultimo, I have the honour to inform you that the Canadian Pacific Railway Company have been written to relative to your request that 40 acres be granted to your Church for Mission purposes out of the North ~~East~~ West quarter of Section 35, Township 54, Range 21 West of the 4th Meridian, to replace the 40 acres in Section 31, Township 54, Range 20 West of the 4th Meridian, which you applied for some time ago.

In this connection I am to point out that as the Agent of Dominion Lands at Edmonton has reported here on entry for the North East quarter of Section 31, it will not be possible nor, should the Railway Company refuse to allow a Mission grant to be made in the North West quarter of Section 35, to secure the land applied for in your original application. He must you notified the Agent of your wish to abandon the land first applied for, otherwise he could not have reported on entry for the quarter section which embraced your said application.

Sir,

In reference to your letter of the 22nd August ult, stating that you see no objection, on the part of the Canadian Pacific Railway Company to any, to Legal sub-division 15, of Section 31, Township 54, Range 20 west of the 4th Meridian, being patented as a free Mission grant to the German Evangelical Lutheran Bethania Congregation, at Leduc Mills, Alberta; I beg to say that evidently there has been a mistake in this matter, as Section 31 is not land which forms a portion of your Company's land subsidy. The Church body, however, have agreed to accept this Legal sub-division, and now apply for an exchange, that is, they ask to get Legal sub-division 14, of Section 34, Township 54, Range 1 West of the 4th Meridian as grants for church purposes.

Will you be good enough to let us know if your Company has any objection to this latter mentioned parcel being patented as a mission grant, your Company to be given the right to select another 40 acres in exchange.

Department of the Interior,

Ottawa. 3rd February, 1900.

Reverend Sir,

In reply to your letter of the 12th ultimo, I am directed to say that no answer has been received from the Canadian Pacific Railway Company as to whether or not it will consent to a grant being made to your congregation of Israel's Habitation of certain lots, Township , Range , West of the 4th Meridian, being the north-easterly forty acres of the S. E. ¼ of this section.

I am however glad to say that, (as you have already been advised) Local Subdivision 13 of Section 21, Township , Range , West of the 4th Meridian, is not now available for the purpose of a timber grant, unless you obtain and file here the written consent of the homesteader, James Fisher.

The Local Agent of Dominion Lands, when granting entry for the S. E. ¼ of the said Section 21, was not aware that you had forwarded to the Department the patent fee; and, as the forty days given you within which to pay this fee had expired, he was under the impression that he had granted entry to the settlement.

I beg to say in reply to your letter of the 7th. instant addressed to M. C.de.W.McDonald, 365998, that the statement setout in that gentlemen's letter of the 23rd. ult. addressed to the Commissioner appears to me to be substantiall correct. The enclosed Memorandum made by Mr. Dicke who granted the entry to Fisher, for the N.W. ¼ of 31- 54- 20- W.4.M. was made the basis of my letter to you of the 18th. Jan.

From Mr. Lilge's statement as reported by his Solicter Mr. McDonald it is evident that he was not present when Fisher applied for an entry.

When Mr. McDonald was at the office some time ago the whole of the papers were shown him and I told him that the office had been clearly at fault in granting the Fisher entry for the whole ¼ section referred to.

Under the circumstances probably Fisher will consent to relinquish the L.S. required by the Church if you will authorixe me to bring about this arrangement.

Dear Sir

I have heard a rumor that Mr A Lilge is going take 80 Acres from my homestead the N.W. ¼ of 31 T. 54 R. 20 W. of 4th M. which I entered on December 2nd 1899 and on which I have already the amount of work which is necessary to do my Duty, — Mr A. Lilge came to ~~me~~ ~~Stade~~ — at my Fathers (Isac. N.E. ¼ Sec. 31. 54. 21. and showed me a letter from Mr C. de W. Medora in which he that you said, (after Investigating all the circumstances) that I got my Entry for that ¼ Sec. through a mistake from your Officers, now can you allow anyone to profit from the mistake your Officers are responsible if it is a mistake, but I dont think that it is a mistake I think it is only a scheme in the Advocates Imagination, for at the time I entered the said ¼ Sec. Mr A. Lilge had never seen the land about getting his Ent. from the same ¼ Section while outside the District and was trying to get 80 Acres from N.W. ¼ Sec. 25 T. 54 R. 21. —

Dear Sir,-

On the 17th of July last this matter was as I supposed brought to a close by your informing me and Mr Lilge together that Fisher's entry as to the 40 acres applied for by the church being legal subdivision 16 of Sec. 21 - 54 - 23. W. 4th would be cancelled forthwith and a patent issued to the church. Mr Lilge to-day informs me that since then he had a communication from you or the Department, I forget which, asking if the congregation would permit Fisher to crop for three years the land which he had broken on that subdivision, to which Mr Lilge replied stating that the congregation would consent. Since then we see nothing from the Dept or you on the subject. Fisher now claims that his entry for quarter section 16 is not cancelled and refused the congregation leave to commence building their church with the exception of which they are all ready to proceed. Will you please have the matter put straight at the earliest possible moment.

Yours truly,

Re L.S 13 of 31.54.20 W.

Apparently all that is now required is evidence as to the election of the Church. Rev. Fisher applies for the L.S. if the Church authorities failed to advise a Church. You will see by one of the man to Mr Fisher that the Inspector is to report - Mr. A. Easum states that a Church "will shortly be built" -- if the Dept. grants this application - I think we can write Mr. Robert Wilder Beaver Hills one of the Trustees of the "German Evangelical Lutheran Community

of Bellamy at Brave Hills"

that the Dept. are now satisfied with the evidence submitted, and the fee having been paid, a patent can be issued to the Trustees so soon as it be shown to the satisfaction of the department that a church has been erected. Mr. Wedge should be told that as this land has been applied for it would be well if the people build a church without further delay —

(copy of letter should go to B.C. & Assin. and Saskatchewan also to Asst. Edmonton.

I have already written a letter on the 28th instant about the matter connected with the church lands of the Provincial Lutheran congregation at Beaver Hills, Alth., however I think that I must write more fully to be better understood. Honourable Government,

I have already written a letter on the 28th instant about the matter connected with the church lands of the Evangical Luthern congregation at Beaver Hills, Alta., however I think that I must write more fully to be better understood. The affair stands thus: There are a couple of restless and exceedingly idle men, in the congregation, who h ve begun to negotiate about the ch rch land behind the backs of the congregation; what they really want has remained a secret from thecongregation and from me also, but we guess that it is nothing good for the congregation. Therefore I am writing in the interests of the congregation (which exists in the same way still in which it has always existed) so that the honourable Government may be so kind as not to negotiate with any other person, whoever it may be, or whatever they may write, about the church lands (on S.31, T.54, R.20, N.E.Q. Sir.

Where am I can obtain a application for pre-emption for the South West ¼ in Township 54, 12 & 13 West of the 4 M. am having complied the requirement (according to the Government Homestead laws, I mean to know wether the 40 acres of wood reading, which have been reserved for Church by the Rev Archibald for a Methodist Church, has as yet been or shown of being a church, am there is practically no church and no Minister in

owned by the Lutheran Church [illegible] as far as the building of this struggling community of [illegible] appears it was [illegible] a speculation with these 40 acres just a few who [illegible] live near by.

It is now 6 years since the church had entered but during these years the time has not fulfilled the requirements as laid down by the Government. I see it seems to me that I should have the first chance to get that as it is as at least all that part thereof which is not yet actual pastured by them, such as the shop for the Graveyard and

a half finished house
for the moral. It would be enough
to prove, that
a community should not
a part of a homestead
for the principal reason to
deprive the actual home-
steader. I leave you to see
into this matter, and act
as you deem right in the
case. But I state
here, that there will
never be a church or
there are not people to
form one and most small
of them, who like to

I would like to be

whether or not the are

Department of the Interior,
Ottawa, August 4th, 1909.

Memorandum:

With reference to Mr. John Fisher's letter of 13th June last, and Mr. Darrell's request for a statement of the case for the Minister, I beg to report that the Reverend A. Lilge applied, together with Messrs. Charles Vollrath, Robert Seder and Johann Schmid, elders of the Evangelical Lutheran Congregation at Beaver Hills, for Local Subdivision 13, of Section 31, Township 54, Range 20, West 4th Meridian, which application was approved on the 10th September, last, but Mr. Lilge omitted ordinarily, and on the 22nd November following Mr. Lilge remitted S. E., Fl. 54, R. 21, West 4th Meridian. It was not told on the 17th December that the settlement was trying to acquire this or Section 31, 52, 20. Lilge, who at one time [illegible] for S.E.1/4 were unsuccessful, to put the land first applied for. The entry to John Fisher for the south of the north section was reported in the Agent's return of the 4th instant. Mr. S.E.1/4 Sec. 20 revised [illegible] in March, last, that the settlers really not be due, the land [illegible] Mr. Lilge a further re-
quired.

On the 22nd June, last, Mr. [illegible] Edmonton
ion letter on behalf of Mr. Lilge [illegible] stating that, although his
client had [illegible] entry was not regular, he claimed that the land
open, that [illegible] entry was not regular. He claimed that the land
or the entry was not right, that he was [illegible] in your s
[illegible] that the holder of the entry was a step-son or one
risher.

On the 31st July following Mr. Lilge [illegible] whether he had any objection to either cultivating during the next two years our land [illegible] must have brought under cultivation on L.S. 13. In this connection I would point out that on the 13th October

J.W.Greenway,
Commissioner of Dominion Lands.

October, 1900, the late Commissioner gave the following decision
"The L.S. must not be cancelled. Permission to crop the land
now cultivated for three years is the utmost can be granted to
him. If he fences the ground he may remove the fence." Fisher
was duly advised of this decision.

On the 13th February, 1901, Mr. Macdonald wrote that Fisher refused to allow the congregation to commence building their church.

On the 21st May following the Agent forwarded Fisher's abandonment of L. L. 13, in which he asked to be given in lieu thereof L.S. 10 of the same section, which request was granted, the entry for the 160 acres being dated the 2nd December, 1899.

It appears that Mr. Fisher wrote on 6th February, 1903, that he had heard nothing had been done as to any improvements. In answer to this charge, by letter of the 16th March following, Mr. Lilge stated that owing to the years and a small community the congregation required time for the building of a church; that they had fenced the church yard in which several dead had been buried. Fisher was told that unless the circumstances in this L.". was not available.

On the 8th July following Messrs. Robert Weder, Johann Henrich Hermann Gunther, filed the usual statutory declaration, and in it stated that a church would shortly be built and that a portion of the ground had been used for burial purposes since April, 1902.

The Homestead Inspector reported on 26th June last," the people are now building a frame church. It is roofed but not completed. There is also a grave yard on this land."

Mr. Lilge wrote two letters on the 24th and 30th of June last, urging that correspondence be carried on with him only, there being a couple of idle men in the congregation who have begun to negotiate behind the backs of the congregation in the matter of this church land. Mr. Lilge now asks that the patent be made out in the name of the German Evangelical Lutheran Synode of Manitoba and the North West for the Evangelical Lutheran Bethany congregation of Beaver Hills, Alberta, which of course

course could not be done as, where a congregation is not incorporated under the laws of Canada, as in this instance, the patent has to be issued in the names of the trustees.

One of our rules is that the sanction of the Governing Body must be filed. In this case it would be, I think, the German Synod of Missouri, Ohio, but I would recommend that, under the circumstances, this be dispensed with in order that no further delay may occur, and I would also recommend that Mr. Lilge be advised that the patent will issue to the trustees of his church if he will file here a statutory declaration from such trustees giving their full names, occupations and places of residence; and explain to him at the same time that the Registrar cannot recognize them as trustees, but only in their individual capacity and as absolute owners of the land.

Under the circumstances it does not appear possible to comply with Mr. Fisher's request and allow him to acquire the said Legal Subdivision 13. As already stated Mr. Fisher now holds homestead for 160 acres of land, comprising Legal Subdivisions 11, 12, 14 and 15 of the said section 31.

[illegible]

mc

Ref. 365198

Department of the Interior,
Ottawa, 5th August, 1905

Memorandum:-

With reference to Mr. Markin's request for a statement for the Minister's information respecting Mr. Fisher's letter complaining that Legal Subdivision, 13, section 31, township 54, range 20, west 4th meridian, which has been reserved for the Evangelical Lutheran Congregation at Beaver Hills for the last six years for church purposes, and asking to be given the first opportunity to get these 40 acres, I beg to say that the full particulars of the case are set forth in a memorandum, attached hereto, which was prepared by Mr. Godfrey Pereira.

Briefly stated the facts of the case are as follows:-

The Rev. Mr. Lilge's application for a grant of t said Legal Subdivision was approved in 1899, and thereupon he remitted the usual patent fee of $10.00. By some mistake, however, homestead entry was granted by the Local Agent of Dominion Lands to Mr. Fisher for the whole of the N.W.¼, but on the 21st May, 1901, Mr. Fisher executed an abandonment of the said Legal Subdivision, which action on his part it must be admitted had been somewhat forced upon him by the Department. In lieu of the said Legal Subdivision 13 he was granted, in compliance with his request Legal Subdivision 10 of the same section.

On

J.W. Greenway, Esq.,
Commissioner of Dominion Lands.

On the 20th June last Mr. Homestead Inspector McDiarmid reported with regard to Legal Subdivision 13 that " The people are now building a frame church and it is roofed but not completed. There is also a graveyard on this lot."

There would also appear to be some friction among the members of the congregation as in a letter recently received from Mr. Lilge, who is, according to his own statement, the pastor of this congregation, in which he asks that all proceedings in connection with church lands be carried on with him alone "and not with the "other men who give out that they are the managers of the congregation for there are rogues in the congregation."

In view of the fact that Mr. Fisher abandoned the said Legal Subdivision 13 and accepted other land in lieu thereof, and also as the patent fee has been paid by the church authorities and the church is now in course of construction, it does not appear possible, for the present at least, to interfere with the reservation of Legal Subdivision 13. No patent has yet been issued, therefore, ~~for the latter~~, but when it does it will be, as are all similar grants, subject to the land being used for church purposes only.

the Agent of Location lands at Wellington is being furnished with a copy of this letter and instructed to detail a Homestead Inspector to examine and report as to the erection of the church. In the meantime you should forward a statutory declaration executed by yourself and the three trustees to whom it is desired the patent should be issued, giving their full names, occupations and places of residence and setting forth that the land applied for is solely required and will only be used for church purposes. You should bear in mind, however, that there is no right to issue a trustee for [illegible] and in the province of Alberta the Dominion Lands Act, [illegible] the trustees accept in their individual names the grant of absolute owners[illegible] the land.

MEMORANDUM:-

You will recollect the case of John Fischer and the Evangelical Lutheran Congregation at Beaver Hills. Mr. Fischer was granted homestead entry for the whole of the W½ of section 31, township 54, range 20, west 4th meridian, but subsequently transferred legal subdivision 13, in favour of the church, being granted in lieu thereof, legal subdivision 15 in the same section.

The Agent at Edmonton now forwards a letter from Mr. Fischer stating that he may have legal subdivision 15 of said section 31 added to his homestead, in place of legal subdivision 10, as the latter is better land and it would give him a more valuable farm, being nearer of access.

The W½ of section 31 (in which legal subdivision 15 is included) is not patented land as it would be in the reserve case.

To the Honourable Government,
Ottawa.

Yours of September 21st duly received. Now that the church is finished, I take the liberty to humbly beseech the Honourable Government to kindly draw up the patent for the church land 31 - 54 - 20 - 4 in the names of the Evangelistical Lutheran Synod of Manitoba and the Northwest, for the Evangelistical Lutheran Bethany Church at Beaver Hills, that is in the names of the Trustees or in the name of the Synod. The names of the present Trustees of the Synod are as follows:- Rev. H. Wallbaum, President, Rosthern, Saskatchewan; Rev. J. Goos, vice President, Spruce Grove, Alberta; or to be drawn up in the names of the Trustees of the Evangelistical Lutheran Bethany Church of Beaver Hills, Alberta, belonging to the Evangelistical Lutheran Synod of Manitoba and the Northwest. The names of the present Trustees are as follows:- Richard Fischer, President, farmer at Beaver Hills, Alberta; Otto Degen, vice President, farmer at Beaver Hills, Alberta; and Otto Schreiber, Secretary, farmer at Beaver Hills, Alberta.

I must draw the attention of the Honourable Government to the fact that no other names of trustees other than those already above mentioned are authorized by the above mentioned community or synod to be recognized or accepted by the Honourable Government, nor any other Pastor than I, should any other names be reported to the Honourable Government, to obtain the patent- they are not genuine members nor trustees of the real church and or

the

the real synod but pretenders. According to information received, a Pastor from the Missouri Synod from the United States, living in Edmonton, by the name of Lusski, in league with a few former members of the Bethany congregation is after the church lands so as to get these lands by fraudulent means to the Missouri Synod.

The true and genuine Bethany Church is that which belongs to the Manitoba and North Western Synod and whose Pastor I am, and the one who looks after their souls is myself. This Bethany community, in connection with the Synod of Manitoba, etc., whose Pastor I am and who has made the request of the Honourable Government in their behalf for the church lands and for whom the land entry, through me was made, is the one and the right one to obtain the church lands, as he who makes the entry gets the patent and no other; that is the law. I hope I have sufficiently enlightened the Honourable Government to know what is the true state of affairs and what it has in justice to do.

The Bethany church as well as the Synod are not incorporated.

All the foregoing truthful statement I certify to, as do the Church Trustees with their own hand-written signatures.

YELLOW PUNCH

Alberta Hotel, Edmonton, Feb.1, 1907.

To the Honourable Government, Ottawa.

Yesterday, 31st January, I was in the Lands Office at Edmonton. I had a declaration drawn up for the South half 31-51-20 for the Evangelistic Lutheran Pathany Congregation at Beaver Hills, Alberta, but while the Trustees of the church could not pay their dues, as they are not known in Edmonton. But this will be signed in a few days in Fort Saskatchewan and will be sent on. I learnt though at the Lands Office that the Trustees of the Missouri Synod had made a declaration on January 30th and sent them on, to obtain fraudulently by influence the Honourable Government to grant them that text for the church land. Therefore I am called to draw the attention of the Honourable Government to this trick and to beseech the Government not to give them the patent.

H. Gauther, L. Metz. and W. Schmidt are not the real Trustees of the real Evangelical Lutheran Pathany Congregation, belonging to the Synod of Manitoba and the North West. Only Richard Bisaner, Otto Peters and Otto Schatzauer. This congregation through me beseech for the church land, and reckon for it. They are no other congregation ought to receive the church land patent.

I hope the Honourable Government will understand this well, and consequently handle it.

Yours respectfully

(Rev) A. Litke.

Hohourable Government,

To as to put an end to all these quarrels about the Church land for the Evangelistical,Lutheran, Bethany congregationoof Beaver Hills,Alberta, belonging to the Synod of Manitoba and the North-West and to let the Honourable Government know that the true Trustees of the above congregation are not Messrs H.Gunther,F.Matz and M.Schmidt; but Messrs Richard Fischer, Otto Degen and Otto Schreiber; I send the Honourable Government the document containing the Bye-laws of the above congregation.

THe possession of this document proves the genuineness of the Trustees of the true congregation.This even shows that Messrs H.Gunther and M.Schmidt have been members of this congregation. When Messrs Gunther, Matz and Schmidt represent themselves to the honourable Government ,as the Trustees of the above-mentioned community so as to endeavour to obtain the Church lands; it is false and unjust. They may be Trustees of a so-called Evangelistical,Lutheran, Bethany congregation but ,they are not those of the congregation which belongs to the Manitoba and North-West Synod;but, to the Missouri Synod of the United States. This the difference and thas difference is made clear in the fundemental document of the Bye-laws. In consideration of this I again earnestly beseech the Honourab Government to deliver the Patent drawn up in this way:

To the Trustees(Richard Fischer, Otto Degen and Otto Schriber) of the Evangelistical, Lutheran, Bethany congregation (organised on 30 April A.D. 1899)at Beaver Hills, ALBERTA. belonging to the Evangelistical,Bethany Synod of Manitoba and

the North-West of Canada .

If the Patent be drawn up in this way ,then it will be impossible for the people (Trustees) to quarrel and bring on law-suits,about the Church propriety,on one side or the other ; or to change it or split it from one Synod to the other and make it impossible to bring strife and trouble to the congregation

If the Patent is drawn up in this way,it willremain final ,no matter what are the names of the Trustees,who may be called Guntner,Watz or Schmidt(viz: in the Wording of the Patent),The Church possessions still remain the authorised possessions of the Evangelistical,Lutheran,Synod of Manitoba and the North-West of Canada.

Therefore I beg the Honourable Government ,that the Patent be not otherwise worded than I have requested.This is also the way it was sent in at the first request for the Church land and also when the $10 were paid through me.

The Honourable Government will kindly return to me registered ,the document of the Bye-laws,we cannot dispense without them.

With all due respect,

yours obediently.

Document of Organization and By-Laws

of the Evang. Lutheran Bethany-Congregation

at Beaver Hills, Alberta, Canada.

On Sunday, the 30th.day in April A.D.1899 the Evang.Lutheran Bethany Congregation was organized in the house of Mr.Otto Degen by the Pastor, the Rev.Mr.A.Lilge, and by the undersigned heads of families. The Congregation consists of 30 communicants (16 male and 14 female) and of 28 non-communicants (15 male and 13 female), together of 58 souls.

As officials of the E.L.B.Congregation were elected: Mr.Carl Vollrath, as oldest, and Mr.Robert Weder and Mr.John Hennig as chairmen.

The E.L.B.Congregation professes the creed of the unaltered Augsburg confession of the Lutheran Church and belief in the teachings of the whole Holy Bible, according to be which professio and teachings the Congregation with God's help and grace-express their willingness to live and die, to act and exist.

The E.L.B.Congregation obliges itself to be connected ecclesi astically with the Evang.Lutheran Synod of Manitoba and the North-West of Canada and to obey their resolutions and laws in love and loyalty.

By-Laws.

I. The affairs of the Congregation are conducted and administrat by the congregational Assembly with the Pastor in the Chair. Its decrees (majority of votes) have to be submitted to by each member of the communication. The right to vote is vested in each member of the Congregation male and of age, who compl with his congregational duties and is not under church-discipline.
The Congregation shall assemble at least twice per year, such a meeting to be announced from the pulpit on two preceeding Sundays. During the intervals, i.e. from one meeting to anith the trustees of the Congregation administrate the affairs of the Congregation in the spirit of the Congregation-Assembly. ~~the Congregation~~ The trustees (or board) shall meet at least four times per year, at which meetings the Past is to be the chairman.

II. The election of the officials (trustees or board) is to be decided upon by the Congregational Assembly, but not without the assent of the Pastor, Yet they are bound to be men of irreproachable conduct and anxious regarding the weal or woe of the Congregation. Their term of office is one year. Howeve they maybe re-elected for another year and so on, if they ha" filled their office to the satisfaction of the Congregation and if willing to retain office, with the assent of the Assem But if an officer should have done anything incompatible with his good name and his office, his office shall be taken from him by the Assembly before the end of his term and given to somebody else. The vigilance on this point is the prerogative of the Church ~~of~~ the Pastor respectively.

III. The ways and means of Congregational duties, such as payment and work to be performed by the individual members of the Con gregation, are to be determined by the Assembly, but the boar has to watch for their execution and to submit report and ac counts to the Assembly.

kregational property, such as: Church, church-land,
y, school &c. remain unrestricted property of the cong
and can never be claimed by anybody within or without
ngregation, except, when the latter be dissolved; in th
verything falls to the share of the Synod. But the Cong
n remains in legal existence as long as there are five
rs in it, but if it counts no longer five members, then
existence as a preaching place depends upon the Synod.

ns, desiring to join the Congregation, have to apply to
Pastor direct or through one of the elders. The Pastor hol
olloquium with the applicants in presence of the Board (a
nversation regarding the creed) and reads to them the consti
tion (by-laws) of the Congregation. If the colloquium ends t
atisfactorily, and the applicants are willing to subscribe
(to sign) the constitution, then the applicants may be receive
as members of the Congregation during the progress of a publi
Divine service.

To rebuke those, who are disobedient to the Word and Commandme
of the Lord, the Pastor alone has the right, but in complicate
cases it is to be done in conjunction with the Board. In cases
however, where application of church discipline or expulsion
from the Congregation is required, an Assembly of the Congrega
tion has to be called together, in order to express their opi
nion and judgment on the case. But the Pastor is bound to see
to it, that personalities or likes and dislikes should ever
influence the judgment in any way, and that the case be tried
in justice, fairness and truth, in praise and to benefit the
zealous, and to punish the evil-doer and disobedient.

In certain cases every person shall have the right to
appeal to the chairman of the Synod, and also generally shall
each member of the Congregation have the right to address the
Assembly in a modest way, as behoves a Christian community.

While the Department does not doubt that your list of the present trustees is quite correct it will be more satisfactory to have a letter from Messrs. Matz, Gunther and Schmidt confirming the list of trustees as shown by yourself.

Right honorable Government,

On the 9th March of this year I received a letter, in which the Government asked, whether the patent for the church land for the evangelical Lutheran Lutheny congregation at Beaver Hills, Alta., belonging to the synod of Andreas Lilge, Pastor, and Richard Fischer, President, Otto Peters, Vice President and Otto Schreiber, secretary, all three farmers at Beaver Hills. I answered this letter on the 12th March and said, that the patent was certainly to be made out in those names. But I have not received any reply from the Government up to now, and do not know why. As far as I have learned, the gentlemen, H. Lutter, Fr. Zeiler and others who have separated from the congregation and taken others along with them, are working to put the church land into their hands, i.e. entered in their names. The above named men have separated from the congregation, which was first organized and which they had joined, and have joined another synod and now they wish to obtain possession of the church land, in order to have it entered for the synod to which they now belong, the Missouri synod. These men do everything in secret and a hidden way and all that they do is false. As far as I have learned

they

they are working through Lawyer McDonald of Edmonton. But the Government own opinion itself that in this time Mr.McDonald has worked for me, when the agent by mistake gave the church land to Pincher for a homestead one year. I have sent the Government the document of organization of the legal Bethany congregation at Beaver Hills, and this should be quite sufficient, to convince the honorable Government, to which trustees the church land should be entered. If a a signed paper, document- even by Gunter, Weder and others - is not sufficient proof, then I do not know what she ll be. This should be without any doubt or question quite sufficient for the honorable Government, and I certainly hope that this will be the case, and that the legal congregation will receive the patent. Hoping for a prompt reply,

Yours respectfully,

F.S.C. Translation from German.

Bruderheim, Alta.,

11th July, 1926.

Royal Canadian Government,

I have received your letter of the 2nd June No. 836836, in connection with the Ev.Luth.Bethany Congregation at Beaver Hills, Alta., belonging to the Ev. Luth. Synod of Western Can. Department in Ottawa, and in reply I give the following true explanation. I, August Lilge, as the pastor of the Ev. Luth. Bethlehem Congregation at Bruderheim, which likewise belongs to the Synod of Manitoba; and I in its time I organized the Ev. Luth. Bethany Congregation at Beaver Hills and also served it as its pastor for many years. In the year 1918 I applied to the Honourable Government for 40 acres of prairie land, which I accordingly received. I myself have no interest in these 40 acres, but I have the agreement to hand herewith it to you. I have left the trustees of the Ev.Luth. Bethany Congregation in Beaver Hills, Alta., belonging to the Ev. Luth. Synod of Manitoba and the North West of Canada. I have informed the Government, that the Government pay the patent to the present trustees of the Bethany Congregation, farmers in Beaver Hills.

Now, however, in a false way another Ev. Luth. Bethany Congregation are trying to obtain the same patent for their trustees, and have asked the Government for the patent for it. I state, however, that this second Ev. Luth. Bethany Congregation is quite another congregation, which has absolutely nothing to do with my congregation. This congregation was organized by a pastor named Lasky, of the Missouri Synod, who lives in Edmonton and is also served by him. Now this congregation has taken the

the same name in our church constitution as the "Ev. Luth. Synod of Canada" just in order to be able to put one church body through a swindle by means of this name. That is how it comes that the addition to the congregational name "belonging to the Ev. Luth. Synod of Canada" on the seals went in almost lockstep, and they left out the name of their own synod, for they do not wish that [illegible] to give a confession that it is a [illegible] synod.

Furthermore, I may point out: There are two Ev. Luth. Lutheran congregations in Edmonton. One, of which I am the pastor belongs to the Canadian synod, and a second, which [illegible] is called Trinity, and who lives in Edmonton, belongs to the synod of Missouri in the U.S. Both congregations have one and the same name, but each congregation has its own pastor, its own trustees, and each belongs to a different synod, therefore they have nothing at all to do with each other. To the Department of the Interior,
Dear Sirs;

PATENT BRANCH.

I am writing to
to Robert Noble, Beaver Hills Alta, H.E. No
31375 at hand I am request of Robert
Noble to confirm the list of Trustees
of the Evangelical Lutheran Bethany
congregation of Beaver Hills furnished
to the Department namely Messrs
A Lilge, Richard Fisher, Otto Wagner
& Otto Schreiber. The above named
gentlemen are not the trustees of said
congregation. The facts are as follows.
About 7 years ago ~~of~~ Rev Lilge held
services for the people of Beaver Hills,
it was then that Rev Lilge advised
said people in Beaver Hills to send
in a petition requesting the gover-

ment for the use of land for church purposes. After the request was granted & before the church was begun to be built, Rev. Legg refused to come & preach to the said people in Beaverhills and indeed he never preached there again. It was now, that the people received notice from the government to build a church, if they wished to keep the land. The trustees at that time were Robert Nader, Herman Stauther & John Hennig. After the church was built the said people at Beaver Hills called Rev. H Lusby of Edmonton to administer the Gospel to them, he accepted & still holds services at Beaver Hills. The newly elected trustees, elected by the congregation & confirmed

by the former trustees are: Reinhold Matz, Hermann Guenther, Mathias Schmidt

1906

Now, Rev. Lilge came back to Beaver Hills & called upon the people, who did not join with the congregation now served by Rev. Lusky, & as it appears, Rev. Lilge started a new congregation consisting of 5 or 6 members, in order to lay claim to the church edifice built by the members of Rev. Luskys congregation. (But of his 5 or 6 members Rev. Lilge, as it appears, appointed 3 trustees & is now working to grabble the church property from the (new) congregation, to whom it belongs.

We hereby protest the [illegible]

ment of the Interior to investigate into this matter, and as soon as possible to send us a reply. We would like to fence the property & make some improvements on the church before winter, but the people are not willing to do anything before they are certain that they'll received the title.

Respectfully yours

Trustees.

We Gunther to present us in Germany therefore can't sign.

P.P. S. beg you to notice, whether Rev. Lilge did not organize his new congregation under the same name as the old congregation, now being served by Rev. Lusky. If you have to [illegible]

two congregations of Pierce Mills with the same name. The trustees of the congregation to which the land was granted & which built the church as before stated: Matz, Gunther & Schmidt.

The Trustees of the congregation lately organized by Rev. Lige in order to claim the church, have nothing to do with the church or church property at all. Hoping you will investigate the matter as soon as possible.

Yours Respectfully

Herman Gunther

MEMORANDUM:

With reference to letter dated the 18th July last signed by the Reverend W. Luskey, and Messrs Matz, Guenther, and Schmidt, respecting the proposed grant of Legal Subdivision 13, Section 31, Township 54, Range 20, West of the 4th Meridian, for church purposes, I have read over Mr Gliddon's memorandum of the 27th ultimo, and I do not see that any other conclusion could have been come to. It is a great pity that Mr Luskey's letter was not placed upon this file when received, instead of being filed now after the case has been gone through and considered.

In my opinion, Mr Luskey has not strengthened his case, while, with regard to Mr Liege, we have a statutory declaration from the Reverend Mr Vetter, and also a letter from Mr Braetz, of Fort Saskatchewan, supporting Mr. Liege's claim.

If thought advisable Mr Luskey might be given an outline of the facts as set out in Mr Gliddon's memorandum, and the issue of patent could be delayed for a time; or the Homestead Inspector could be instructed to go out to Beaver Hills at once and endeavor to ascertain

Mr. Greenway,

There is a dispute as to church site between Rev. Mr. Lussky, Lutheran of the Missouri ~~Church~~ Synod and Rev. Mr. Lilje, Lutheran of the Canadian Synod. Land situated in Beaver Hills southerly from Bruderheim station on Canadian Northern Railway. Name of church Bethaniel.

History of the case.

Site was granted to congregation while Rev. Mr. Lilje was pastor. Rev. Lussky is now pastor. Trustees of Lussky's congregation applied for patent in spring of 1906. Lussky states that trustees not members of the present congregation have applied for patent representing Lilje. Application of trustees on behalf of Lussky has not yet been answered. Careful and thorough enquiry must be made before decision rendered. Please report.

MEMORANDUM:

With reference to the Minister's memorandum to you of the 19th instant, relating to the dispute between the Rev. Mr. Gurney, Lutheran, of the Missouri Synod, and the Rev. Mr. Lilge, Lutheran, of the Synod of Manitoba, as to the proposed grant for a church site of Lots subdivision 13, section 31, township 54, Range 20, west of the fourth meridian, I beg to say that the facts of this case would appear to be as follows:-

On the 2nd August 1899 the Reverend Andrew Lilge applied for a grant of Legal Subdivision 13, of Section 31, Township 54, Range 20, West fourth Meridian, for the Evangelical Lutheran congregation at Beaver Hills, which was approved by the then Commissioner on the 16th September following; the $10.00 entry fee having been paid on the 2nd November of the same year.

On the 5th February 1906, the usual declaration was executed by Reverend Lilge, local Pioneer, etc. etc., and the Member, Minister of the Evangelical Lutheran Synod of Manitoba and the Territories to the Lutheran Synod of Missouri and the North-West Lands.

On the 24th October 1906, the Homestead Inspector reported that Lilge [illegible] but that he had not been settled..

The Department received a communication, dated the 14th inst. signed by Messrs. Robert Weber, Herman

Gunther

E. F. Gurney, Esq.,
Commissioner of Dominion Lands.

Gaither, and August Schneider, calling themselves the former trustees of this Church, and asking that patent be issued in the names of Reinhold F. [illegible], [illegible] Gaither, and Christian Schmidt, the present trustees of the Church.

In a letter dated the 11th July last, the Reverend Mr. [illegible] says to the effect that he is the pastor of this Church, which belongs to the synod of Manitoba. He claims that [illegible] another party of persons [illegible] to this synod, but were organized by the Reverend Mr. Gaudy of Edmonton, belonging to the synod of Alberta; that these people have taken possession in order to secure the land; and points out that [illegible] to use the words "Trustees to the Evangelical Synod of Manitoba and the Northwest." To confirm this statement, there is a [illegible] on file, granted on the 11th July last, [illegible] Reverend Gaudy, or [illegible], Rev. F. Alberta, by coping to the [illegible] Province of Manitoba and the North-West [illegible].

It was also suggested that the other persons who claimed to be the former trustees of the Church, viz., Robert Loder, Norman Gunther, and August Reinhardt, be advised that after consideration of all the facts, it had been decided to issue the permit as provided, the [illegible] having been the original applicant for the land, and that Mr. Foetz would be communicated with accordingly.

The Reverend Mr. Lussky now states in his letter of the 20th July last, that the trustees named by the Rev. Mr. Lilge are not the trustees of the congregation in question; and claims that, although Mr. Lilge had at one time held services for the people in Beaver Hills and had applied then to send a petition requesting the Government for a location grant for these purposes, he refused, after all promises had expired, and before the Church had begun to be built, to preach to the people, on the same grounds above; also, that after the Church had been built, he said grace but refuse the Rev. Mr. Lussky to preach in same, and that no trustee will ever attempt to preach therein.

He represents, further, that the parties who have now been elected by the congregation and approved by the former trustees, viz:- Reinhardt Metz, Herman Buhler, and Billy Ingredt; also, that Mr. Lilge is now forced to the construction concerning of these or four members, in order to say title to the Church edifice built by the members of the Rev. Mr. Lussky's congregation; and, that one or more three or four members Mr. Lilge has appointed three trustees, and it is interesting to [illegible] property from Mr. Lussky's congregation.

Mr. Lussky

Mr. Lusky suggests by [illegible] the Department to investigate this matter as soon as possible, as they are desirous of [illegible] the property and make some improvements on the Church before winter.

Mr. Lusky's communication is also signed by the persons whom he enumerates as representing the trustees of the Congregation to whom the land was granted and who built the Church.

It will be observed, that while Mr. Lusky's statements are only corroborated by the persons whom he alleges are the trustees, we have a Statutory Declaration from the Reverend Mr. Potter, and also a letter from Mr. Penis supporting Mr. Lusky's claim.

Under the circumstances, I think it might be advisable to give Mr. Lusky an outline of the facts set forth in this memorandum; that the issue of the patent should, in the meantime, be stayed; and that a Homestead Inspector should be instructed to visit Sarcee Camp at once, and endeavour to ascertain the facts of the case.

Mr. Lilge, Lutheran, of the Synod of Manitoba, as to the interest owned by a certain Lutheran Congregation, [illegible], Township 14, Range 29, West of the Principal Meridian, I beg to say that the facts in the case appear to be as follows:-

On the 22nd August 1896 the said Rev. Mr. Lilge applied for a grant of lots numbered 1, 2, 3 and 4, in Section 14, Township 27, West of the Principal Meridian, for the Evangelical Lutheran Congregation at Swan River, and was informed by letter that the said lots had been set apart for the purposes of the Indian Reserve; and that the Department could not entertain the application.

On the 14th October 1896, the Homestead Inspector reported that a frame church valued at $300.00 had been put up, but not [illegible] finished.

In a letter dated the 11th July last, the Reverend Mr. Lilge refers to the fact that he is the Pastor of this Church, which belongs to the Synod of Manitoba. He claims that some of another party of persons who do not belong to this synod, but were organized by the late Rev. It was also suggested that the other persons who claimed to be the former trustees of the Church, viz., Robert Meier, Herman Gustser, and August Schmidt, be advised that after consideration of all the facts, it had been decided to issue the patent as above stated, the Reverend Mr. Filipi having been the original claimant for the land, but that Mr. Peetz could be accommodated if necessary.

The Reverend Mr. Lucsky [illegible] to the letter of the 16th July last, that the trustees [illegible] Mr. Filipi are not the trustees of the congregation in question; and stated that, although Mr. Filipi [illegible] service for the people in their own and [illegible] to have a building [illegible] the Reverend [illegible] grant for more than [illegible], he [illegible] and when the time [illegible] to the people, and [illegible] Mr. Filipi [illegible] the church has been built, the [illegible] Mr. Peetz to cease to [illegible] of this case [illegible].

The Department received a communication, dated the 14th March last, signed by Messrs. Robert Weber, Herman Gunther

Gunther, and August Schneider, calling themselves the former trustees of this Church, and asking that patent be issued in the names of Reinholdt F. Matz, Herman Gunther, and Matthias Schmidt, the present trustees of the Church.

In a letter dated the 11th July last, the Reverend Mr. Lilge refers to the fact that he is the Pastor of this Church, which belongs to the Synod of Manitoba. He claims that there is another party of Germans who do not belong to this Synod, but were organized by the Reverend Mr. Lussky of Edmonton, belonging to the Synod of Missouri; that these people have taken the same name in order to secure the land; and points out that they do not use the words "belonging to the Evangelical Synod of Manitoba and the North-West." To confirm this statement, there is a Statutory Declaration on file, executed on the 10th July last, from the Reverend Gottfried Vetter, of Josephsburg, Beaver Hills, setting forth that this land was entered for by Mr. Lilge for the Evangelical Lutheran Bethanien Church belonging to the Synod of Manitoba and the North-West. This Declaration was enclosed with a letter to the Minister written by Mr. Matz, of Fort Saskatchewan, who confirmed the statements of Messrs. Vetter and Lilge, and states that Mr. Lussky belongs to the Missouri Synod, while Mr. Lilge belongs to the Manitoba Synod, and that the trustees are those given by the latter.

It was suggested, in view of these facts, that the Reverend Mr. Lilge's request should be granted, and the patent issued to the trustees mentioned by him, viz:-

Andreas Lilge, Pastor, Bruderheim,

Richard Fischer, President,

Otto Hegar, Vice President,

Otto Schreiber, Secretary-Treasurer, (the three latter all being farmers, of Beaver Hills) as trustees of the German Evangelical Lutheran Bethany Congregation of Beaver Hills,

Alberta

Alberta, belonging to the Evangelical Lutheran Synod of Manitoba and the North-West of Canada.

It was also suggested that the other persons who claimed to be the former trustees of the Church, viz., Robert Weber, Herman Gunther, and August Schmidt, be advised that after consideration of all the facts it had been decided to issue the patent as above stated, the Reverend Mr. Lilge having been the original applicant for the land, and that Mr. Bretz would be communicated with accordingly.

The Reverend Mr. Lussky now states in his letter of the 18th July last, that the trustees named by the Rev. Mr. Lilge are not the trustees of the Congregation in question; and alleges that, although Mr. Lilge had at one time held services for the people in Beaver Hills and had advised them to send a petition requesting the Government for a Mission grant for church purposes, he retired, after the request was granted, and before the Church had begun to be built, to preach to the people, and has never preached since; also, that after the Church had been built, the said people had called the Rev. Mr. Lussky to preach to them, and that he accepted this call and still holds services at the place mentioned.

He represents, further, that the trustees who have now been elected by the Congregation and confirmed by the former trustees, are:- Reinhold Bretz, Herman Gunther, and Matthias Schmidt; also, that Mr. Lilge has now formed a new Congregation consisting of three or four members, in order to lay claim to the church edifice built by the members of the Rev. Mr. Lussky's Congregation; and, that out of these three or four members Mr. Lilge has appointed three trustees, and is endeavouring to take the church property from Mr. Lussky's congregation.

There are two extra copies of this memo attached hereto

Mr. Lusky concludes by urging the Department to investigate this matter as soon as possible, as they are desirous of fencing the property and making some improvements on the Church before winter.

Mr. Lusky's communication is also signed by the persons whom he enumerates and represents are the trustees of the Congregation to whom the land was granted and who built the Church.

It will be observed, that while Mr. Lusky's statements are only corroborated by the persons whom he alleges are the trustees, we have a statutory declaration from the Reverend Mr. Vetter, and also a letter from Mr. Peets supporting Mr. Lilac's claim.

Under the circumstances, I think it might be advisable to give Mr. Lusky an outline of the facts and have him in this manner; that the issue of the patent could, in the meantime, be stayed; and that a personal inspection should be instituted by some Mining Engineer to ascertain whether to proceed in the issue of the same.

Memorandum:

Mr.Günther and the other persons signing the letter which the Agent encloses state that they built a church on the Legal Subdivision in question; and that Mr. Lilge never preached in it or in any way aided or caused the church to be built but that after it had been dedicated he appointed several persons as trustees who did not belong to the church and that Mr.Lilge applied for a patent in the

I note in this connection that the Reverend Mr.Lussky was informed by the Minister under date the 14th January last that the Agent of Dominion Lands at Edmonton had been advised to look into the matter and that he (Mr.Lussky) might, therefore,make such representations to him as he might deem advisable.

Mr. Greenway,

Regarding the difficulty with respect to the Church site on Legal Subdivision 15 of Section 1-54-20, West 4th, the position the Department should assume is as follows -

Before any land can be given to a church body, not incorporated in Canada, a Board of Trustees must be organized in connection with such church under the laws of the Province. The Department will undertake to give a deed for the land concerned to whichever Board of Trustees is authorized by the Local Government to hold the property.

Messrs. Lilly, Tupper, T. Harrison, Attorney General Cross and all others concerned in this matter should be advised of this decision.

Memorandum:

1. Mr. Perrin.

Mr. John Fischer in a letter addressed to the Minister asked for authority to take up a second homestead and he also inquired about land withdrawn from the Buck Lake Forest Reserve.

The Acting Deputy Minister in his memorandum of the 4th instant asked that this authority be issued and for a statement regarding Mr. Fischer's request respecting the Buck Lake Forest Reserve.

C. O. Reference 3368 is a request for a report.

Mr. Fischer is eligible for a second homestead and the necessary letter of authority has been sent him to-day.

The proposed Buck Lake Forest Reserve covered the following four townships:-

Tp. 64, Rge. 16-W.4th M.
" 65 " 16-W.4th M.
" 65 " 17-W.4th M.
" 66 " 17-W.4th M.

Last April it was decided to cancel this Reserve and advertise for settlement the land in Township 66--17-W.4th M. and withhold the other three townships from settlement for the time being.

The file relating to this matter is No. 5563581 and is not available at present. I have ascertained from the Land Patents Branch, however, that the instructions to the Agent to advertise the land in Township 66--17-W.4th M. were issued on the 23rd May last and that the Agent advertised the land to become available for homestead or soldier grant entry on the 5th instant to a soldier with land adjoining; on the 6th instant to any soldier and on the 8th to the general public.

File 19354

Sir;

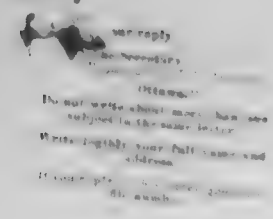

Replying to your communication of the 25th ult, file 366232, re the sum of $ 185.07 received and deposited to the credit of the Receiver General, for the purchase of the N. E. ¼ of 14 - 32 - 29, west of the 4th, I note what you say regarding the question of interest and at the time the sale was going through I was aware of the contents of the file. The facts are these: Mr. Urquhart desired at one time to know if he would be allowed to purchase the land in question and Head Office in a letter dated the 5th February, 1895, stated that he might be allowed to do so at the regulation price of $ 3.00 per acre but no limit of time was fixed in the letter. The then Agent Mr. Rowe informed Mr. Urquhart that there was no objection to selling him the land ~~in question~~ at the regulation price of $ 3.00 per acre and that a reasonable time would be given him to make the purchase. There is no doubt of one thing, and that is, that a reasonable time was given Mr. Urquhart and so much more that any claim on his part had lapsed and as no one had come forward in the meantime to make application to purchase the land, Mr. Urquhart I considered came forward in the position of a fresh applicant to purchase and as he paid the top price of $ 3.00 an acre I did not consider it the proper thing to do to raise the question of interest.

Sir:

In the proposition made to the Forley settlers in the settlement of the White lease matter and which has been accepted by all of them except ,possibly, yourself the amount you were required to contribute was $135 after having paid that in, you would be entitled to homestead 160 acres of the lot paying at once the homestead fee of $10.00 and purchase the balance at $1.00 per acre.

The word "possibly" has been used it having been reported that you refused to contribute your quota but such reports are often erroneous, as financially the proposition made you is the most favorable possible and if your letters are correct you will be required to pay $2.50 per acre for excess of 160 above 160 acres.

The area of lot is 635.5 acres 635.5 - 160 $10 (homestead fee) - 475.5 $135.10 (amount to settle White lease matter) - 605.60 under the regulations (635.5 - 160) $2.50 - 1173.75 10 (homestead fee) - 1173.75.

Dear Sir,

In reply to your letter of the 17th. instant, I would wish to say that it is the first time I was aware I had to pay to individuals the right to homestead the ground was true that I objected to pay Mr. White. He had no improvements upon the land I occupy.

I occupied the land before Mr. White had any lease of the Morley settlement. Mr. Robinson occupied this land before the treaty was made with the Indians, and it has been continuously occupied ever since.

I claim a right to the Government has settled with other settlers like myself. That is by paying $1.00 per acre for the land. That I am prepared to pay if the Government see fit. If they do not I shall keep possession of the land until they dispossess me, or I shall take care that no other individual shall take possession of any portion of it.

If the Rev. John Campbell made arrangements for the use of land, he had no authority from me as a settler; he through his influence with the cowardly Crits

Grits they submitted to crooked business in the matter I intend to have the whole matter investigated at Head quarters before it will be settled.

In respect to the title of the land I am in no hurry for the deed as this is my home, and I intend to make it so for life.

I consider my occupancy is as good a title as I want , at present, as I have no intention of selling or speculating upon the land.

Truly Yours

Sir:

I have the honor to enclose herewith copy of file of this Office concerning lot 6, on 6 settlement by reasons for doing so will be apparent on perusal of my letter to him of the 17th. August, last, and his reply of the 22nd. of the same month.

You will remember that in effecting a settlement of the dispute between Mr. Francis White and the Morley settlers, certain concessions in the price of the excess of their lots above 160 acres were granted them. Mr. White, at the time, protested against that arrangement, and now does so. It was then stated at the time that those who did not acquiesce should be charged the regulation price for such excess (See file of dispute Morley settlers Vs. White if you have it or ask H. O. to send it you there being more terse items to carry same then in this Office) The offer or terms of settlement alluded to in addressed the Rev. John Tebbenail, dated 21st. July, 1887, and reply of Morley settlers dated 22nd. and enclosed with offer from said Tebbenail dated

H. H. Smith Esq.,
Commissioner Dominion Lands,
Winnipeg,
Man.

dated 23rd. of that month.

It would appear that in November 1880, one , Robinson commenced residence upon this lot and remained a squatter thereon till October, 1884, when he sold to Grier. The latter claims 160 acres free through Robinson's residence and also claims a H. & P. on W. ½ 20. 2. 6 W 5th. lying adjacent to this lot to the North and not yet surveyed From date Robinson settled upon the lot being subsequent to 1st. Sept. 1880, he would , under the regulations , had to remained thereon till the same was agreed for and have been required to pay $1.00 per acre for the excess above 160 acres. Being practically [illegible] further privileges than his assignee. The offer made [illegible] was a very liberal one and cannot see how his demands can be complied with. Sir,

I beg to inform you that on 29th September last I granted a homestead entry to Mrs. Priscilla Grier, Widow of the late William Grier of Morely, for 160 acres in Block 6, Morleyville Settlement, and before granting entry I took from her $128.10, $80 being in script and the balance in cash, which I now hold.

This was in accordance with a memorandum of agreement made by Mr. Pearce and Morley settlers and Mr. F. White, of the Merino Ranch, said agreement was made on 22nd July, 1886.

This $128.10 I have not yet disposed of, as I do not know just how to make the return, for the monies that were paid in by the settlers who completed that arrangement on that basis; and by the instruction of Mr. Pearce handed over to Mr. F. Whyte all the cash taken for the same at that time.

Since the above date nothing further has been done, and my instructions at that time were not to give homestead entry to any of the Morley settlers without their first paying in the amounts set forth that each one was to pay. I have no doubt but that your files in the Head Office will give you all this information as coming from Mr. Pearce, but what I wish to know now is how I am to make return of this money.

Sir:-

If you will refer to the plan of the Morleyville settlement it will be noticed that Lot 6 contains an area of 625¼ acres. One William Greer was allotted entry for 160 acres thereout and the privilege of purchasing the balance at the rate of $1 per acre, subject, however, to a payment of $12d. 10. Now, one Mr.Le Sour had purchased the 160 acres alluded to from Greer estate, and whatever right the said estate had to purchase etc.. Mr.Le Sour states that he is entitled to a homestead of 160 acres and desires to apply his privilege on a portion of the said lot. The position of this land is somewhat on the lines of a pre-emption; the Act at present requires ~~some~~ cultivation upon it in order to get homestead patent, which in this case would be rather detrimental than an improvement on this land, as it is fit for absolutely nothing but pasturage. I promised him I would refer the matter to you for consideration and decision. I cannot make any suggestions in the matter. No doubt $1 per acre is a very fair price for the land considering its ~~low~~ quality and situation.

Sir;--

Replying to your esteemed favor of the 22nd ultimo re Mrs Prescilla Greer of the Morleyville Settlement, we submit that your Department is labouring under a misapprehension when it is stated that the certificate of recommendation for homestead patent issued to Mrs Greer as personal representative of her husband William Greer. It seems that prior to the 10th of October 1894 evidence was adduced(we believe in the shape of quit claim deeds from all the heirs of William Greer to Mrs Greer) which satisfied the local agent here that the interest of William Greer had been conveyed to her and that thereupon the certificate or recommendation referred to issued. We beg to enclose herewith a copy of such recommendation and trust that a patent will now issue to Mrs Greer. The circumstances in this case are very peculiar and unless the patent can issue to Mrs Greer we are afraid Mr Lesuer wil suffer great hardship as upon the strength of the certificate referred to he purchased the land in question from Mrs Greer and paid therefor the sum of $1600. The issue of the patent at the present time to Mrs Greer is for the purpose of having the Land Titles Office here accept this transfer from Mrs Greer to Mr Lesuer and issue to him direct a certificate of title thereon. Gentlemen,

I am directed to acknowledge your letter of the 8th instant, asking to be informed if a patent will issue in the name of Mrs. Greer for a portion of Lot 8, Morleyville Settlement, on your filing here the deed which you say has been made in her favour by all the heirs-at-law of her deceased husband; and to say in reply that the patent cannot be completed thus. The patent can, however, issue in the name of William Greer, the deceased husband, under the requirements of the Indian Act passed during the last Session of the Parliament of Canada. It is to be desired however, that a formal certificate be filed here.

Dear Sir;---

We are in receipt of your favor of the 10th instant re Morleyville settlement. If our recollection is correct, we believe that the department sometime ago abandoned their claim to interest on the balance due on the lot in question, and stated their willingness to accept of the balance only. Mr Rowe, who had charge of the Land Office here, informed us that this was the case. Would you have the kindness to look into this matter, and inform us if this is not so. If, of course no other arrangement can be made, we will have to pay the balance with interest.

Sir,

I beg to acknowledge the receipt of your letter of the 27th ultimo, in the matter of the patent which was issued to William Cross for lot No. 8, in the Merryville Settlement; and also your further letter of the 28th inst. The entry in the patent in question for the reason stated in your preceding communication.

After a careful revie of the description of the land contained in the patent it is ascertained that through a difference in the plan of the Settlement, as described in the Surveyor General's office, and being correct; some of the bearings, as appear, are given to the nearest decimals, while some are degrees and minutes.

I must say, therefore, that before a new patent can be issued to him, the Surveyor General will have to issue a new plan correcting the error in the bearings as given on plan filed in the office.

Memorandum:-

I beg to draw your attention to the correspondence lately had between Mr. Horace Harvey, Registrar at Calgary, and the Department.
A copy of the description of the land embodied in the patent issued to William Grier for portion of Lot 8, Morleyville Settlement, is attached to the file, which the Registrar takes exception to Upon a careful examination of the plan of the Morleyville Settlement, signed by yourself on the 11th January, 1892, it is observed in some instances that the bearings are given in degrees and decimals of degrees, while in others they are given in degrees and minutes. As the description was prepared from this plan, the patent will have to be cancelled and a new one issued, but until you issue a new plan, correcting the error in the bearings, no steps can be taken in this direction. Will you please give instructions that the plan be cancelled, and a correct one be prepared.

With reference to your letter of the 20th inst., and enclosure, I beg to say that the matter of the printing of the plan of the Grleyville Settlement was brought to the attention of the Surveyor General, who has intimated that the surveys are in arrears and delayed, at least part of the have not yet been marked as plotted and timber on such plan; and that the outline of the plan of this Settlement is therefore incorrect. Department of the Interior,

Ottawa, 21 st June, 1899.

Sir,

I beg to acknowledge the receipt of your letter of the 1st instant, asking to be informed if the certificate of recommendation for the issue of the patent to xx a portion of Lot C, in the Morleyville Settlement, to Mrs. Priscilla Grier, has yet been issued; and in reply to say that on the 6th October, 1894, the certificate of recommendation was sent to Mrs. Grier. The Department is not able to issue a duplicate of this certificate, as copies of that document are not retained in the Department. The patent, however, for the 160 acres homesteaded by the late William Grier on the said lot No.C, issued on the 8th February, 1899, but owing to there being an error in the plan of survey of the said Settlement, the Registrar will not accept the patent. A new plan is consequently now being prepared of the survey of this Settlement, and when issued steps will be taken to cancel the patent which now exists, and to issue a new and correct one, which it is trusted will meet the approbation of the Registrar.

Sir,

From your letter of the 2nd August (File 366239) I observe you have brought back to Ottawa the Homestead matter (Pincher) & I see it was shewn our correspondence between me & the Lawyer I have consulted. Confirming that in his long experience he has never met with a similar case. For all that the late William Spier possessed based to his widow on the usual legal manner & all the documents from the said Widow are also legally drawn up.

Kindly inform me what you have found

found unsatisfactory in the documents to prevent you from issuing a Patent as expressed in yours of 16th March.

I do not know that the Widow (Mrs Priscilla Spier) is alive to-day but should she be, her circumstances are such that she could not put out a Cent towards defraying the Letters of administration or anything else.

(This is a Case of equity, and should be dealt with accordingly.)

It is in your hands to finally settle it.

Please return without fail the three (3) Documents I forwarded you on the 28th March, as if these are lost it will be a Case of Confusion worse confounded.

Sir:-

I have the honour to enclose herewith a letter from Mr. W. Payne Le Sueur, of Morley, Alta., dated the 3rd instant. Mr. Le Sueur evidently purchased the right of the late William Grier to Lot 6, Morleyville Settlement, and now desires to make a homestead entry for himself and pay at the rate of $1.00 per acre for the balance of the lot over and above the Grier homestead and the one he now desires to take up for himself, providing the Department will not change any interest since the 1st of January, 1892, I think according to the agreement ~~with~~ the settlers ~~who~~ were allowed 160 acres as a homestead, provided they took advantage of their privilege to do so within a certain time and fulfilled their duties, but I do not see how Mr. Le Sueur would be entitled to a homestead in addition to the one granted to Grier, although as he has never had an entry, would be entitled to one on any other available Dominion Lands.

As Mr. Frank Ricks paid the interest upon the balance due upon his lot since the 1st January, 1892, I do not see how the Department can rebate the interest to the others, and in addition to that, I understand that that is one thing the Department cannot do, namely, rebate interest. I think it would be advisable to take up the whole matter of the Morleyville Settlement and urge all parties to pay up or abandon.

Sir,

With reference to your letter of the 30th ultimo, File 473, I beg to say that the original conditions imposed upon the settlers in the Morleyville Settlement must be adhered to. It would not be consistent to grant to Mr. Lemieux a homestead entry upon Lot No. 6, one homestead having already been granted within that lot, and therefore, in order to carry out the original conditions, the purchaser must be called upon to pay the rate of $1 an acre, with interest at the rate of 5% per annum from the 1st January, 1892.

Sir,

I have the honor to acknowledge the receipt of your letter of the 4th inst. re-homestead entry. I was much astonished at your answer particularly relating to the second paragraph of your letter, when I know the Government would like to place a family on every quarter section of the country

if it owned, surveyed or unsurveyed. I have been a settler on the land I wish to homestead for seven years. I am entitled to it now and I want my patent at once. Moreover as I have decided to leave the country on a trip for six months or a year to settle up my affairs in order to protect my assets as far as some one may come in while I am away. The Department has done everything in its power to discourage settlers going on unsurveyed land, and we have no way of protecting them when they do so.

It will not be possible for us to survey this township during the coming summer. We are doing all in our power to meet the demands for surveys, but as we have only a limited number of men available, it cannot all be done at once.

With reference to your letter of the 7th ultimo, addressed to the Agent of Dominion Lands at Calgary, in regard to the survey of Township 7, Range 7, west of the 5th Meridian, I beg to say that there may be some likelihood of this township being subdivided in the near future as there is no doubt plenty of work in that neighbourhood now and there are other requests for surveys there. If you are very anxious to have this land surveyed the best plan would be for you to engage a Surveyor to do it. If you select a Surveyor the Surveyor General will give him the necessary instructions and the Department will allow certain rates for the survey, that is to say $7.00, $13.00, and $21.00 per mile for first second and third classes, respectively.

Sir,

I beg to acknowledge the receipt of your letter of the 5th ultimo and the declaration which accompanied it respecting your homestead, the S.W.¼ of Section 30, Township 22, Range 4, west fifth Meridian, and in reply to say that you are evidently under some misapprehension about the matter. It is quite impossible to grant you a free patent for the land until the requirements of the homestead law have been complied with. The residence of eight years, which you claim to have put in on Lot 6 Morley Settlement, does not in any way entitle you to patent for the quarter section homestead. You may, however, be permitted to take advantage of the amendments to the law and perform the residence duties by commuting with the homestead, by living on Lot 6, which you own, but your attention is directed to Plan 4 and the foot notes on the printed memo. attached hereto. It seems that you acquired the entry on the 3rd August last but you cannot be in a position to apply for a patent until the expiration of three years from that date, meantime, the cultivation duties must be performed on the homestead.

Sir,

...ented - Walter Lyn Le Gueur (deceased). Agency File No. 4618.

I beg to return herewith the unrecommended application for patent of Mr. John Gillies, as Agent for the executors of the estate of the late Walter Lyn Le Gueur, for the quarter-section, above mentioned, entered for by the late Mr. Le Gueur as a homestead on the 16th March, 1906, and in connection therewith to say that inasmuch as patent is claimed under the provisions of the Dominion Lands Act prior to September, 1908, it will be necessary for the legal representative of the estate to furnish proof of ownership by the deceased entrant of that portion of Lot 6, Morleyville Settlement, containing an area of 100 acres patented to the estate of the late Miller Crier, for the reason that the buildings claimed in connection with the maintenance of stock, were erected on this land.

The late Mr. Lyn Le Gueur appears to have had considerable difficulty in securing registration of title in his name by assignment from Mr. Crier, the legal representative of the aforesaid Miller Crier, deceased, and it is believed established that he ever successfully had title registered in his name. However, it appears to have resided on this portion of Lot 6 for a great many years prior to the date of his homestead entry, above referred to, everything possible should be done to establish a legal claim to the land on the part of the estate in order to do away with the necessity of erecting buildings actually on the homestead, which probably is no longer being used by the estate for stock purposes. In this case, you will be good enough to take the matter up with the Royal Trust Company for the necessary further action.

With reference to the remainder of Lot 6 containing an area of 60.6 acres, I may say that this land was sold at $1.00 per acre by assignment to Edward Lyn Le Gueur, one of the sons of the deceased entrant, and patent issued in his

favour on the 31st October, 1908, shortly before her father's death. It is observed also that the late Mr. [illegible] in his Will made no mention either of this property, namely Lot 6 nor of his unpatented homestead, which may lend colour to the supposition that he was not the registered owner of any portion of the Lot.

I may add that the Royal Trust Company, under cover of their letter of the 10th December last, have submitted a formal application for patent on Form No. 277 and the same has been filed pending completion of evidence as to duties.

Certified Copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General, on the 5th June, 1917.

P. C. No. [illegible]

The Committee of the Privy Council have had before them a report, dated 1st June, 1917, from the Minister of the Interior, stating that under the authority of Order in Council of the 26th August, 1908, application for homestead entry by proxy is permitted in the case of a person making such entry on behalf of a father, mother, son, daughter, brother or sister, who is duly authorized to do so in the form prescribed.

It has been represented that one James Grosart enlisted in the 196th Battalion and went overseas during the fall of 1916, and is now serving with the 46th Battalion in France. Mr. Grosart is an only child and the sole support of his mother, who is a widow. It has been further represented that the mother is partially paralyzed and unable to walk. She is living at the present time at Saskatoon, Saskatchewan.

The mother wishes to make proxy entry on behalf of her son, for land situated in the Humboldt District, but owing to her physical disability she is unable to visit the Land Office at the point mentioned. On this account she requests that the Rev. W. B. Cumming, of Saskatoon, Sask., be authorized to make proxy entry on behalf of her son.

The Minister recommends, in view of all the circumstances, that, notwithstanding the fact that the Rev. Mr. Cumming is not one of the relatives mentioned in the Order in Council above referred to, authority be granted him to make entry by proxy on behalf of James Grosart for any vacant Dominion Lands available for the purpose, without requiring the production of the form of requisition called for by the Order in Council dated the 26th August, 1908.

The Committee concur in the foregoing recommendation and submit the same for approval.

(Signed) RODOLPHE BOUDREAU,
Clerk of the Privy Council.

Accepted as sufficient

Commissioner.

The application for patent of George Lewis Constantine under the two miles radius clause shews that the cultivation has been done in an irregular manner as follows:-

Year	92	93	94	95									
Broken	8	0	18	10									
Cropped	0	8	8	20									

This is a case where the equitable requirements of the Dominion Lands Act have been fully complied with, but as there is a technical defect which prevents me from approving the application in the usual way, consistently with a strict interpretation of the law, I submit it with a recommendation that under the circumstances a special patent shall be allowed to issue in favour of Mr. Constantine.

The residence within the radius and on the homestead is satisfactory.

Dear Sir:

Re NE 6-45-23-4,
John Thomas Morairty,
Dominion Seed Grain Advance.

In the year 1896 this party obtained an advance for Seed Grain from the Dominion Government, in respect of which no repayment has been made and the account now stands as follows:

Seed Grain Principal	$26.05	
Interest	53.35	$79.40

The Department of Mines and Resources at Ottawa reports that Morairty gave as security a bond against the above described land, but that his entry was cancelled in 1899 as he had left for the Kootenay district the previous year, and the land was eventually patented to James Knights in 1905, the bond not being registered.

There is no security for this account which I would recommend be written off in it's entirety.

OCT 8 1898
OTTAWA

Memorandum.

I submit for your consideration the case of Mrs. Maria E. Heath and the S.W. ¼ of 10, 30, 2E, W. 4th M., the facts being briefly as follows, --

Early in November, 1894, Mrs. Heath made application to acquire a homestead in her own right, claiming that she had been separated from her husband for some 15 years, during which time she had supported two children. The matter formed the subject of correspondence between the Commissioner's Office in Winnipeg and the Department, the result being that Mrs. Heath was granted permission to take up land, and on the 15th Jan., 1895, she made entry for the S.W. ¼ of 10, 30, 2E, W. 4th M. Subsequently it was found that the permission to take up land had been granted in error, and on the 11th July, 1898, an Order in Council was passed granting Mrs. Heath permission to purchase the quarter-section above mentioned at the price of $1 per acre, subject to the ordinary homestead conditions. In July, 1897, the Agent at Edmonton

Jas. A. Smart, Esq.,
Deputy Minister of the Interior,
Ottawa.

Edmonton reported having received an application for an inspection of Mrs. Heath's land with a view to the cancelation of her entry, and the matter was brought to your notice by Mr. Goodeve on the 23rd of that month. I observe on the file a memorandum by you addressed to the late Commissioner, by which Mrs. Heath was to be given an opportunity of going into residence upon the land, and failing to do so the sale might be cancelled. In this memorandum you say, --

"If the Minister decides under clause 12 of "the agreements of 1897 that she is to be recognized "as sole head of her family she will then be able to "acquire the land without paying for it at the rate "of $1.00 per acre."

Apparently this point has never been decided by the Minister, and the Local Agent now writes asking, that the case be favourably considered. He states Mrs. Heath has been continuously resident upon the place for the last four months, that she has 17 acres under cultivation, and buildings to the value of about $200. There is on file a deed of separation executed by William H. Heath and Maria Ann Heath, dated 10th Aug., 1900. So far as is known, Mr. Heath is still alive, but the parties have been separated since the date last mentioned. At the time Mrs. Heath acquired entry in the first place, her daughter could not have been more than 14 or 15 years of age -- her son may have been some years older.

I think, under all the circumstances,

the

the case is one for favourable consideration, and it is submitted in order that the Minister's decision may be obtained under clause 12 of the amendments of 1897 as to Mrs. Heath's right to a homestead entry. Should this privilege be granted, the Agent will be instructed to confirm her original entry for the land in question, and she will be entitled to patent on fulfilling the required duties and without the payment of the fee otherwise required by the Order in Council referred to.

Respectfully submitted,

Sir:

I made entry for said land four years ago this month

I, Henry Harwood Baldwin solemnly declare:—

That I made entry for the above mentioned lands, at the Dominion Lands Office at Edmonton on the 26th day of March 1895, and I now ask to have said entry cancelled, for the following reasons, viz:—

I find it to be inconvenient and that I must give it up in order to attend to professional business, there being no other Physician in Wetaskiwin I have been in residence upon the Homestead for rather more than thirteen months in all.

There are no improvements on the land except the following

That I have not either directly or indirectly received, nor have I been promised, nor do I expect to receive, any consideration of any kind for allowing said entry to be cancelled.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of The Canada Evidence Act.

Sir,

Mr A.H. Barnard, who holds homestead and sales entries the Frac. S½ 36 46 22 W 4 M, requests permission to extend his fences along the Ea East boundary of said section 36 to "The Island" and thence, following the north boundary of said section 36, to ddeep water in the lake - this presenting the readiest, and most economical means of fencing off his rail land against interloping cattle. I understand from him that the waters of the lake have so far receded as to leave the line of the East boundary of the section almost - if not quite - dry land. It is to be distinctly understood that if the Department agrees to the concession desired by Mr Bertrand such concession is not to be considered as giving Mr Bernard any claim or preference in respect of the Island above mentioned, or to any part of it.

If the Canadian Pacific Railway Co. has not already consented to the reservation of the said Island for public purposes, I would respectfully suggest that the Company be invited to do so. The Island may some day be of great convenience to the settlers in that locality.

The Hon. Frank Oliver,

Dear Sir,

Some years ago I took up a homestead at Battern, Lake, Sask., which afterward I abandoned and obtained at that time permission from the then Minister of the Interior, Mr. Sifton, to enter for another homestead which I have not as yet done, and I have most unfortunately lost or mislaid that written permission. I am desirous of returning to Canada to take up a homestead now that I have made some money, and I would be exceedingly obliged if you would send me a copy of that letter or which would be more satisfactory, if you could kindly issue me another permit to make homestead entry or inform me what I must do to obtain such permission.

I am going to Battleford district and I am taking some friends with me to settle there. As I am very anxious to get there at once in order to get a small crop of oats in for feed during next winter and you will greatly oblige if you will kindly let me have the permission as quickly as possible, or at all events, let me know that it is all right and you could send the necessary

permission, care of the Agent at the Battleford office when I could get in on my arrival there.

I hope to bring one brother and possibly two with me and we look forward to having a good farm of two or three sections between us.

Trusting you will pardon me for the trouble I am asking you to go to for me and thanking you in advance, I beg to remain,

Your obedient servant,

Island in Bittern Lake.

Area--50.10 acres.
Application to lease
C.T.C.Roper of Bittern
Lake, Alberta.
FINK on sketch
Not disposed.

I beg to return your memorandum of the 4th instant respecting Mr. C.T.C.Roper's application to lease the above mentioned island and to report that this island has been reserved for public use since 1897.

In consequence of an application to purchase the island, made by Mr. G. S. Lawton of Montreal, and in accordance with your instructions a Homestead Inspector's report was called for and under date of the 25th March, 1919, Homestead Inspector A.L. Wynne reported as follows:-

"This land is high and dry and suitable for either grazing or agriculture. There is a channel of about 100 yds. in width and about two feet deep which seperates it from the main land. This has a sandy bottom which has apparently been washed up, there being a long point of sand running out from the island which has been washed up. This point is above the high water level. This sand would be a source of revenue as it is in great demand for building purposes. I notice that some of it has been hauled away this winter. The island has never been made use of as a resort as the lake is unsanitary. There is a party wintering stock on it now, having built a corrall and hauls the feed from the main land. Raw land near this vicinity is selling at from $15.00 to $20.00 per acre, but as this is an island and difficult to reach by team in the summer it is not worth so much. The soil is a deep black loam and is fairly clear of brush. A fair value would be $10.00 per acre."

In view.....

W.W.Cory, Esq., C.M.G.,
Deputy Minister of the Interior.

In view of this report is was decided not to dispose of the island outright but to deal with it under the ruling of the Minister as to leasing islands and in May 1919, Mr. Lawton was notified and asked to advise the Department if he desired to be considered for a grazing lease under the existing grazing regulations. Mr. Lawton did not reply.

The island is within the area reserved in connection with the Bittern Lake drainage project but the Reclamation Service report that there would be no objection to the issue of a lease to Mr. Lawton, Mr. Roper or other applicant subject to cancellation at three years' notice.

This island might, I think, in accordance with the practice, be leased, by tender, after inspection for the purpose for which it is best adapted after taking into consideration the interests of any person who may be located thereon.

Although an inspection was made, as stated, in 1919, I am of the opinion that a fresh report should be obtained. A lease fee of $10.00 will also be charged in addition to the tender.

Respectfully submitted,

Acting Controller.

LAND PATENTS BRANCH

OTTAWA, 31st May, 1926.

Sir:

Replying to your letter of the 4th instant, relative to your application to acquire in lieu of Bittern Lake, Township 40, Ranges 21 and 22, West of the 4th Meridian, objected by reason of, etc., I beg to inform you that the Department is not in a position to consider your application to purchase the island in question as under the present practice of the Department islands may not be disposed of by sale.

I may add that the Chief Federal Secretary Fire Officer for the Western Provinces has recommended that this island be reserved for public shooting grounds purposes and that pending a decision being reached in this connection no definite information can be furnished you as it is considered that a lease would interfere with the rights of sportsmen if it were decided to reserve the island for the said purposes.

It is regretted, therefore, that your application cannot be considered at present.

MEMORANDUM

Mr. N.O. Coté,-

With reference to your memorandum hereunder regarding an application for a grazing lease on an island in Bittern Lake which the Chief Federal Migratory Bird Officer for the Western Provinces recommended should be reserved for Public Shooting Ground purposes, I beg to inform you that while no decision has been reached as to the reservation of this area there would seem to be no reason why this application should not be granted by the issuing of a yearly lease.

In the event of its being decided to reserve this area sometime in the future such a lease could be cancelled upon expiry.

Island in Bittern Lake.
Corner Tps. 46 & 47, Rgs. 21 & 22,
W.4.M.-50.10 acres.
Application to lease.
C. T. Roper of Bittern Lake, Alta.

In connection with Mr. Roper's application to lease this island the Acting Deputy Minister gave instructions for the usual investigation to ascertain the purpose for which the island is best adapted and that the report when received should be referred to your office.

Homestead Inspector T. J. Cunningham reports that there is no person in residence and no improvements, that the waters of Bittern Lake have fallen so that this island is connected to the mainland by a sand bar of about 12 acres in extent, one to four feet above present water level, that the land is either suitable for grazing or agriculture and in his opinion is worth at present twenty-five dollars per acre, and that the applicant has a large farm within one half mile of the island and wished to lease same to put thereon some 12 or 15 head of pure bred stock for grazing and to keep them separate from other stock, and he recommends the leasing of the island.

The Chief Federal Migratory Bird Officer for the Western Provinces recommended that this island should be reserved for Public Shooting Ground purposes, but under date of the 14th instant Mr. Hoyes Lloyd, of the Parks Branch, states that while no decision has been reached as to the reservation of this area there would seem to be no reason why this application should not be granted by the issuing of a yearly lease and that in the event of its being decided to reserve this area sometime in the future such a lease could be cancelled upon expiry.

As the Homestead Inspector states that the island is suitable either for grazing or for agriculture and as Mr. Roper desires to lease it for the sole purpose of pasturing not over ten head of pure bred

cattle.....

A.M.Cory, Esq.,C.M.G.,

cattle, which he desires to keep separate from his other stock, I think his application should be considered as for a grazing lease and be dealt with by the Timber and Grazing Branch and beg to recommend that it be transferred to that Branch for action.

Since Mr. Roper first applied an application has been received from Mr. James W.Hoighington who desires to purchase or lease this island for hay.

Memorandum.

Mr. James R. Donovan entered as a homestead on the 16th September, 1892, for the S.E.¼ of Section 22, Township 55, Range 26, West of the 4th Meridian, and his son, Mr. James R. Donovan, Jr., entered as a homestead on the 11th December, 1894, for the N.E.¼ of the same section.

Mr. Donovan, Sr., has recently asked the Commissioner whether the Department would consent to his son and himself relinquishing their respective homestead rights, and afterwards acquiring the half section under a military bounty warrant without paying the value of any improvements that may have been effected on either quarter-section.

The Commissioner has advised Mr. Donovan that so far as his office is concerned, there appears to be no reason why his request should not be granted, on payment of the proper fees, and that it is customary to waive the value of the improvements where the transaction is between members of one family; and, further, that before taking any action in the matter he is desirous of ascertaining whether there is any objection seen here to the arrangement.

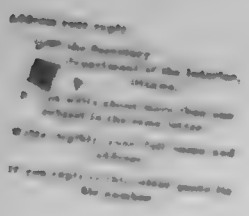

I recommend that the Commissioner be advised that the proposed arrangement may, under the circumstances, be carried out without the person entering for the land as a military homestead paying the value of the improvements thereon.

Sir ,

I beg to say in reply to your letter of the 27thult 369678 , that there appears to be a misapprehension in regard to my action in the matter of the N E ¼ 22 55 26 W 4 M; and I must beg that the true facts of the case be submittedto the Deputy of the Minister . They are , simply , that the applicant for cancellation did not take advantage of his privilege of entry and that the land thereupon became available to the first applicant . I am not permitted to reserve lands and could not well have refused Mr Borli .

There is no doubt at all that Mr Donovan informed me that he would not purchase the lands at the only price which the regulations prescribe , $3 per acre , and I do not see that he should have been any further considered in the matter .

I am aware that the value of the land is about $3 per acre .As to whether Mr Donovan is prepared to pay more than $1. per acre , I do not know . He would probably be willing to pay something less than the land could now be sold for but it would , in my humble opinion , be a deplorable thing if the Department felt called upon to cancel the entry of a bona fide settler like Mr Borli in order to afford Mr Donovan a chance to speculate . I am satisfied that the department would not wittingly do anything of the sort , but this would be the practical result if the land were now sold to Mr D. on any terms

Referring to your letter of the 2nd September last, addressed to the Deputy Minister, with regard to the wish of Mr. J.E.Donovan, Sr., of Edmonton, to acquire by purchase at a reduced rate the S.E. ¼ of [illegible], W. 4th M., I am directed to say that the report of the Dominion Inspector has not been received, and he could value the quarter-section at $200. Will you please communicate with Mr. Donovan, and ascertain whether he wishes to purchase the land at the price named. If so, he should make application at once to the Local Agent in Edmonton, who will be authorized to cancel the existing entry for the land and accept the purchase-money from Mr. Donovan on the usual terms, ¼ in cash and the balance in 3 equal annual instalments subject to interest at 6%, the first instalment to be paid into the Agent's hands on or before the 15th December next.

It is observed by the report of the Inspector that the following improvements have been made upon the quarter-section, -- fencing, wire and rails, $60, breaking, 10 acres, $25. Mr. Smart,

On the 16th of November last Mr. A. L. Faine, of Spokane, was advised in accordance with your instructions, that he would be given thirty days from that date within which to purchase the South West quarter of Section 21, Township 7, Range 2, West of the 5th Meridian, for coal mining purposes, and on the 27th of the same month a draft for $320.38 was received here from Mr. Faine on account of the purchase of the coal mining rights of the quarter section in question.

By an Order in Council, dated the 6th ultimo, provision was made for the payment of royalty on the coal mined, and each applicant for permission to purchase coal lands has been advised that the sale if carried out will be subject to the payment of royalty.

Mr. Goodeve asked whether the sale to Mr. Faine is to be made subject to royalty. As this sale was made, and as the first payment on account thereof was received, prior to the date upon which it was decided to impose royalty on the coal mined, please say whether it is the intention that provision for the payment of royalty should be made in the patent which may be issued to Mr. Faine.

Dear Sir,-

I beg to acknowledge the receipt of your favour of the 29th. ultimo, enclosing affidavits from Chester Wentworth and Robert Connelly, in regard to the improvements on the S. W. ¼ of 21, 7, 3, West 4th. Mr. Wentworth is altogether mistaken in stating that the land was not surveyed pr prior to 1900. It was surveyed, as I stated in my last letter, in 1895, several years before Mr. Wentworth squatted on the land , and when he squatted on it, he either knew or should have known that it was an odd section . As to his statement that he could get no information from the Agent at Pincher Creek, I may say we have no Agent at Pincher Creek; we have a Sub-Agent there for the convenience of the settlers to take applications for patents and homesteads, but he has no set of books or plans of surveyed townships. If Mr. Wentworth had wanted the information, he could easily have applied to the Land Office. While I have every desire to help the settlers out, it is simply impossible for us to carry on the work unless the rules laid down are followed, and there

there is no excuse whatever for Mr. Wentworth, or anybody else, settling on surveyed land and making improvements, without getting an entry, and when they do so, they must do it absolutely at their own risk. The Calgary & Edmonton Railway Company were entitled to this land, they applied for it in the usual way and it was patented to them, and he will have to deal with them for it.

Memorandum:

This is the case of Chester Wentworth , who squatted upo n the South West ¼-21-7-3-W. 5th M. and claims the right of entry by virtue of residence prior to survey, although the land has been patented to the C. & E. Railway Company.

An examination of the papers on file discloses the followin transactions relating to thisland:-

One Edward Edsall, originally squatted upon it in 1894 , and a survey of the land made by Mr. ~~Woods~~ Wilkins in the year 1895 shows the following improvements, viz: a cabin, a stable and a garden, but there is no mention of an occupant, neither has any squatter's declaration been filed. These improvements may be assumed to have been made by Mr. Edsall.

Edsall however, left the land and Wentworth went into occupation. The date when he did so is somewhat vague. In the course of a correspondence he puts it at September 1899, again at November, 1898 and last of all, September, 1898. He bases his claim on his contention that he was in occupation when the land was surveyed by Mr. Woods, D.L.S., but our records show that Mr. Woods traversed the River but did not survey the land in question.

J.G.Turriff, Esq.,

Commissioner of Dominion Lands,

Ottawa.

The

The following brief summary of Wentworth's affidavit of the 23rd April last sets for h his position.

1. That he went into occupation in September, 1898 and has lived continuously on the land.

2. That the buildings he found on the land were valueless.

3. That the only other improvement was ½ acres of old breaking.

4. That the buildings and breaking has been done by Edsall.

5. That Edsall in 1895 or 1896 had had the land surveyed at his own expense , and that no Government survey was undertaken until 1900.

6. That not until 1900 had he known whether the land was part of an odd or an even section.

7. That the Land Agent could give him no information until after the survey of 1900.

8. That owing to this uncertainity, he was prevented from making extensive improvements.

9. That he nearly rebuilt the house and broke and cultivated 8 acres.

10. That he has fenced 60 acres.

11. That he has constructed an irrigation ditch.

Re S. W. ¼ of 21, 7, 3, West 5th M.
Applied for by Chas. Wentworth.

I enclose memorandum of the facts in
encl. connection with this case.

~~Briefly~~ It was surveyed in 1896 and Mr. Wentworth squatted on it in 1896 or 1899, and must have known or should have known that it was an odd section and not available for homestead entry. This land is within the Calgary & Edmonton Railway Land Grant and was included in one of the lists of lands they asked for, and patent was made to them in due course. We have a great deal of trouble with squatters on unsurveyed lands, but where a man squats on lands set apart for a Railway Company three years after it has been surveyed, I do not think he should be granted entry. As possibly all the facts might not have been disclosed, on the 9th April I

wrote

The Honourable Clifford Sifton,
Minister of the Interior,

wrote to the Agent at Lethbridge to have the Homestead Inspector visit this land and report fully, and I informed Mr. Oliver that if it should be shown Mr. Wentworth is entitled to consideration, the Railway Company would be asked to reconvey the land to the Crown, in order to make it available for Mr. Wentworth.

Referring to the Commissioner's letter of the 9th April, last, file 369858, I beg to enclose herewith the report of Mr. Homestead Inspector T.W.Bryant, in reference to the S.W.1/4 of 21 - 7 - 3 - West of the 5th Meridian.

Gentlemen,

I am to inform you that the Department has received advice to the effect that the S.W.1/4 of 21 - 7 - 3, West 5, was squatted upon by Mr. Chester Wentworth in the fall of 1898, and according to a report just received from the Inspector it would seem that considerable improvements have been made on this land. Under the circumstances, I am to enquire whether the Company will re-convey the land to the Crown, in order that it may be made available for homestead entry by Mr. Wentworth, the Company to be allowed to select another quarter-section at the disposal of the Department, in lieu thereof. An early reply will oblige.

Sir,

Re S.W.21-7-3 West 5th File 917.

We beg to acknowledge receipt of your favor of the 31st ultimo No.369858, advising us that Mr. Chester Wentworth squatted on the above mentioned section in 1898 and that he had made considerable improvements thereon; also asking us to give up our claim to the land so that entry may be granted to Mr. Wentworth. Though this section is valuable on account of its being cut by the Old Mans River and also on account of its proximity to the Crows Nest Pass Railway, we feel inclined to oblige the Department in the matter, if Mr. Wentworth really was on the land in 1898. Before giving up the land we would like to be satisfied to this as in May '00 another party applied to us for the land. We declined at the time to sell on account of its location, but we are under the impression that there was no one on the land at that time and that there were no buildings on it. We presume Mr.Wentworth has made some affidavit in the matter and that you can advise us as to the facts.

We have the Honor to be,
Sir,
Your Obedient servants.

D.L. 360858

Ottawa, 21st August, 1899.

Gentlemen,

In reply to your letter of the 13th instant, I am to inform you that according to the Inspector's report Mr. Chester Wentworth squatted on the S.W.¼ of 21, 7, 3, West 5th M., in the fall of 1898, the following improvements were upon the land at the time:-

Log house 12 x 16, earth $20.00

Log stable 18 x 20, " $20.00

Two acres of breaking which had been fenced.

In the spring of 1899, Mr. Wentworth did some additional cultivation and fencing and has broken three and one half acres. The value of the fencing is placed by the Inspector at $50.00 and the breaking at $4.00 per acre. Under the circumstances, the Commissioner wishes to know whether your Company will re-convey the land to the Crown so that Mr. Wentworth may acquire a homestead entry for it.

We beg to acknowledge receipt of your favor of the 21st Inst, Ref.No.369-58, stating the improvements which it is claimed Mr. Chester Wentworth has placed upon the land. Under the circumstances, we are prepared to comply with the Department's request and give up our claim to this Quarter Section so that homestead entry can be granted to Mr. Wentworth. It must of course be understood however that should we find on going into the matter a little later on, that owing to our giving up the S.W.¼.of the section, we may not require the N.W.¼., we would be at liberty, if we desired to do so, to return it to the Government also. It is possible however, that we will take it in any event.

With reference to the transfer of this land from the Calgary & Edmonton Railway Co. to His Majesty I would call attention to the Railway plans deposited in this office that the area of this River Lot is shown as containing 38 acres. In your letter and in the transfer the area is stated to be 38.20 acres. This discrepancy should be explained.

In returning the transfer for that the area may be corrected I would explain a mistake has been made with regard to it.

The new certificate in favor of His Majesty the Reserve being the exception would on the ordinary course be referred to as shown on the plan filed in this office as No 25, hence the necessity for issuance of the present query.

This letter is in reply to your letter of the 9th September current received to-day.

In November, 191[illegible], Mr. A. L. Laine purchased the coal mining rights under the Fractional West Half of Section 21, Township 7, Range 3, West of the 5th Meridian, and paid the first instalment of the purchase money amounting to $55.38. On the 27th of May, 19[illegible], he made a further payment of $[illegible].35 together with interest, amounting to $[illegible].

He has now made an additional payment of $55.14 on account of this half section, $[illegible] being on account of principal and $55.14 on account of interest, and he asks for an extension of time for one year within which to pay the balance of the purchase money of this land.

The amount still due for the land in question is about $[illegible] and in view of the substantial payment already made I think that the extension of time asked for within which to pay the balance of the purchase price might be granted.

Sir:

I beg to acknowledge the receipt of your letter dated the 17th instant, enclosing one from Mrs. Alice Cawthorne asking the Department to interfere in her behalf with the view of securing the S.W. ¼ of section 21, township 7, range 3, west of the fifth meridian. In reply I am to say that the land in question has been patented to the Calgary & Edmonton Railway Company, and is no longer at the disposal of the Department, and unless the Company are willing to relinquish their interest in it and take a quarter section elsewhere in lieu thereof, there does not seem any way by which Mrs. Cawthorne's wishes could be met.

The Company in question appear to have refused to make such exchange, and under the circumstances nothing can be done in the matter.

PAT. BCH:
RE

Sir

I have the honor to request that you grant me a second homestead although I received my patent for the first since the 3rd December the time allowed by law.

The facts are as follows:
I was allowed Lot 2. in the range 1. Saint Albert as an Half Breed by right of Settlement Claim in the year 1876.

During my residence on this land I acquired the right from Isaac Cree to claim my entry for Lot 55 which he refused on the plea that it was a Indian right and not given to Metis.

In Mr Dawes arrival here over 5 years ago. He told me that I would have the first right to homestead the said Lot as there was [illegible]

that time already elapsed
under the Act.

The Agent cannot dispose
of the land until the
title which is in dispute has
been settled and the residence
of two years completed.
It was too late to obtain
another entry.

I respectfully claim
1st That it was no fault of
mine that my entry was
delayed.

2. That since the date of
the award I have at a
great cost & trouble
taken & fenced the land
in question.

3. That I have made
a night's search for the
entry but for the above and
other reasons.

Copy for A.D.L., Calgary.

Gentlemen,-

As the Department is about to proceed with the issue of letters patent for the minerals underlying the Southwest quarter of Section 9, Township 6, Range 30, West of the 4th Meridian, I beg to remind you that the Calgary and Edmonton Railway Company, by instrument dated the 2nd January, 1895, authorized the Department of the Interior to issue patent to this land in the name of Donald Bell, of Pincher Creek, Alberta.

A copy of the request for the issue of this patent is attached hereto, and I am to advise you that letters patent for the minerals underlying the land above described will be issued to Donald Bell, the nominee of the Calgary and Edmonton Railway Company.

Encl.

Your obedient servant,

Messrs. Munson, Allan, Laird, Davis, Haffner & Hobkirk, 365 Main Street, Winnipeg, Manitoba.

Acting Commissioner

For the information of the Department.

Note. This action is based on the letter of the 31st of July, 1905, from the Deputy Minister of Justice, on file 651448.

MUNSON, ALLAN, PATTON, MACINNES & MILNE

There is considerable area, in all some 33,000 acres, falling within the same general classification and we hope that the Department will withhold all action in the direction of the issuance of underrights patents in such cases until we have had the opportunity of submitting to you our full claims in this connection, which can probably more conveniently be done by personal visit of a representative to Ottawa.

By way of precaution we are wiring you today the gist of the foregoing.

Yours truly,

Your File 371765

Dear Sir:-

We duly received your letter of May 27th with its enclosure of direction by the Calgary & Edmonton Railway Company under which surface patent for this land was issued in 1895 to Donald Bell, and intimating that sub-surface patent would now be issued to Donald Bell as the nominee of the Calgary & Edmonton Railway Company.

Under yesterday's date we addressed to the Deputy Minister of the Department a general letter under the caption -

"RE:- C. & E. Land Subsidy
and in particular Class "D"
where minerals reserved in sale
but ? in nomination for patent. "

which bears generally upon the whole class of cases of which this Bell parcel is only one.

On behalf of the Calgary & Edmonton Railway Company and its assigns (Calgary & Edmonton Land Company and Calgary & Edmonton Corporation Limited) we beg to submit that Donald Bell is not the nominee of the Calgary & Edmonton Railway Company for issue of the sub-surface rights in this land and that the nomination or direction dated 2nd January 1895, whereof you were good enough to forward us a copy, related only to the surface and was so accepted and acted upon by the Department in its issue of the surface patent.

Bell was our client's purchaser of the surface of this land under form of Agreement which expressly reserved the underrights to the Vendor and we should be able to produce for the Department's inspection the original duplicates of this contract in support of our client's claim to be entitled now to a patent to the underrights.

Dear Sir/

We are in receipt of your letter of December 15th enclosing ~~letter~~ cheque for $300 to be applied on the purchase of the S.½ & N.E.¼ 9-6-30-4th. We were not quite sure how you wished this applied as your letter is rather contradictory. In case you did not keep a copy of your letter we enclose a copy herewith. We note however, that you want to pay for the S.W.¼. and obtain deed for the same. We have therefore applied $216 as payment in full for this ½ section being $200 purchase price and in addition 10cts per acre to cover the Government charge for survey fees and we enclose receipt for the same. We are to-day writing to Ottawa for Patent to issue in your name for this ½ Section. As soon as the Patent has issued it will be forwarded to the Registrar at Calgary who will issue Certificate of title and we enclose herewith an order addressed to the Registrar for the delivery to us of this certificate of title. Will you please sign this order and return it to us and we will, as soon as patent issues,

obtain the certificate of title for you and forward it to your address.

Your letter states that you wish us to apply the balance of the money on the S.E.¼. but we suppose that as you wish to make the first payment on both the S.E. and the W.E.¼. 'so as to secure them, we have therefore applied $12 on each of these two ¼ Sections and have made the balance in each case to come due one year from date. If you wish you can of course pay off the whole or any portion of the balance due on either of these agreements at any time within the year and save interest from the date of payment. We trust the above will meet with your approval.

We enclose herewith duplicate agreements for the purchase of the S.E.& W.E.¼'s and shall be obliged if you will sign and return both copies to us for execution after which one copy will be returned to you.

Yours truly,

GENERAL MANAGERS

WINNIPEG, CANADA, 30th September, 1929.

Messrs. Munson, Allan, Laird & Davis,

WINNIPEG, Man.

Dear Sirs:-

Re Agreement 170 C.&E.
S.W.¼ 9-6-30-W/4th.

We hold no signed agreement covering this particular quarter, but we attach hereto original letter of application dated 16th December, 1894, together with copy of our reply dated 20th December, 1894.

The application signed by Donald Bell on behalf of Bell Brothers applies for the S.½ and N.E.¼ of Section 9-6-30, and you will note that he desired separate titles for each quarter and that the cash payment remitted with this letter was intended to pay the S.W.¼ 9 in full and the balance to be applied on the other two quarters. As the S.W.¼ was paid in full, the Company did not draw up an agreement covering it, but agreements 171 and 172 were drawn up covering the other two quarters, in both of which minerals were reserved.

As the two agreements, 171 and 172, are being forwarded to Ottawa, there is a possibility that you may consider this an opportune time to press our claim for title to minerals under the S.W.¼ 9, hence our reason for drawing your attention to the relationship between the transactions bearing agreement numbers 170, 171 and 172.

the sum of Ten Dollars, being the fees for the Homestead Entry

for South West Quarter of Section 32

and that the said Joseph McNab is in consequence of such

entry and payment vested with the rights conferred in such cases by the provisions

of "The Dominion Lands Act," respecting Homestead rights.

Local Agent.

(OVER.)

This receipt, unless the entry to which it relates be revoked or cancelled, entitles the homesteader to take, occupy, and cultivate the land entered for to hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions at law or equity against any wrong doer or trespasser on the lands so entered, as he could do in case a patent of such land from the Crown had been issued to and was held by him.

In case of the death of the homesteader before the completion of his homestead duties, his heirs, representatives, [illegible] may be entitled to the benefit of the entry or some of them may complete the necessary duties, and in such case will obtain a patent issued for a homestead entered by the person applying as a British subject by birth or naturalization.

A homestead entry is liable to be cancelled at any time that the homesteader is found to be in default in the performance of his duties.

Such duties may be performed in one of the following ways —

1. By residence on homestead for at least six months in each year for three years and cultivation of the land to a reasonable extent.

2. By residence for 2 months in each of 3 years, cultivation, the erection of a habitable house and payment for the land at current Government price per acre.

3. By residence for 3 months in each of 3 years after the date of entry, and the breaking and cropping to be completed the second year and 10 acres additional prepared for crop, 25 acres to be cropped the third year and 10 acres additional prepared for crop, and the homesteader to reside thereon for three months in each year from the time limited for the commencement of residence until the issue of patent.

4. By commencement of cultivation of homestead within six months from date of entry or [illegible] entered after September cultivation to be commenced not later than the 1st day of May following, to be broken within one year and cropped or summer-fallowed the second year, backsetting to be done the third year, and a house erected on the land by the end of the third year from date of entry, the homesteader then to go into possession and reside upon and cultivate the land for [illegible] each of the three succeeding years.

5. If the land is [illegible] pre-emption, a habitable house must be built and residence commenced within six months from date of entry. After that residence [illegible] six months in each year for three years and permanent improvements must be made on the land to the aggregate value of at least $150 as soon

Six months [illegible] cases for commencing the performance of duties and where entry is entered after September in any year the time is extended until the 1st of June following.

Residence on a homestead cannot be done by proxy.

Any special leave of absence that may be granted shall not count as residence.

At time of entry the homesteader is required to elect in what manner allowed by law he intends earning a patent for his homestead, and he must faithfully fulfil the prescribed duties in such manner or forfeit his entry.

Any assignment or transfer, or agreement to assign or transfer a homestead or pre-emption right, or any part thereof, before the homesteader shall have received a certificate of recommendation to patent in proper form is forbidden and operates not only to forfeit the entry but also to disqualify the person assigning or transferring from obtaining another entry.

Proof that a settler is entitled to a patent must be made before the Local Agent of Dominion Lands, a Homestead Inspector or Intelligence Officer.

Sir,

I have the honour to enclose herewith the affidavit of Joseph Mahat in support of his claim for homestead entry for the S.W. Sec.32------24 W.4th W. duly filled up and completed, and other papers in connection therewith which I found in a file basket among a quantity of old papers shortly after my arrival here. Mr.Mahat claims to have paid the entry fee but I cannot find that it was either placed in the suspense account or to the credit of the Receiver General. I beg to call your attention to the pencil memo "hold until permission of leaseholder has been received". The office records do not show that the land in question ever formed part of a leasehold but it was previous to Mahat's application for entry and is still reserved for stock watering purposes. Will you be good enough to give this matter your consideration and advise me what action should be taken.

OFFICE OF THE COMMISSIONER OF DOMINION LANDS.

29th. December, 1894.

Sir,

I am directed to enclose herewith copy of a letter from the Agent of Dominion Lands at Lethbridge, dated the 23rd June last, with reference to the claim made by Joseph McNab for a refund of entry fee alleged to have been paid to Mr. George Young, at one time Agent for that district, in connection with the S.W.¼ of Section 32, Township [illegible], Range 24, W.4.M. Accompanying this letter I also send you the papers received here in connection with this claim, and Mr. McNab's declaration that he paid this fee on the 27th of April, 1891, and that it has not since been returned to him.

Enclos:

It is found on reference to the Return of Entries for the week ending the 9th of May, 1891, that the following memorandum is made in Mr. Young's handwriting:- "Homestead Receipt 6004 held awaiting permission of leaseholder "for entry to be made". No Cash book was kept by the late Agent at the date of this transaction, so that there is no record of the receipt of the fee, but it appears unlikely that such a remark would have been made in the Agent's returns of entries had not the fee been paid to him and the receipt held until the land became available for entry

I have the honour to acknowledge receipt of your letter dated the 1st inst. and in reply to say that this man Francois Bonneau deserves no further consideration. He was notified on the 30th September 1893 to make the entry within three months from date of notice, as a squatter. This is the ordinary mode of procedure. At the same time I advised him that the land he had squatted upon the S.W.¼ Sec. 28-47-22 W 4 M. was railway land and to inform me if he desired to retain it. I received no response to this communication. Upon several subsequent occasions I addressed him upon the same subject, without receiving answer.

In reply to your letter of the 14th inst., I beg to state that the Company entered into an agreement to sell the N½ 23-47-2. In view of the date at which Messrs Bonneau and Lamoureux have their first improvements I cannot see that they are entitled to any consideration and it would I think be a bad precedent to admit any claim on their part. With regard to the S.W.¼ I enclose herewith a copy of a letter received from the Dominion Lands Agent at Wetaskiwin dated the 14th Dec. 1894 bearing on the subject.

5th February, 1899.

Sir,

Referring to your letter of the 26th ultimo, File 372352, I have thought it well before communicating your decision to the Agent at Lethbridge to remind you that Frederick Albert alleges that his deceased brother and he himself have since 1886 been in continuous occupation of the S.E.¼ of Section 35, Township 5, Range 1, W.5th M.

In submitting this application on the 7th ultimo I omitted to draw your attention particularly to these circumstances and to enquire whether it is a case in which the Minister desires to exercise the prerogative which is usually reserved in Orders-in-Council providing for Railway Land grants, to the effect that if the Minister sees fit, lands forming part of such reservations to the extent of a half section may be sold, in the Minister's discretion to the bona fide settlers in occupation.

Ottawa, 27th June, 1895.

Memorandum for Mr. Burgess:-

The case of F. Albert.

Albert has applied to purchase the fractional S. E. ¼ of Sec. 35. 5. 1 West 5th, and to homestead the S. W. ¼ of 36 in the same township on condition that he is allowed to purchase the said S. E. ¼ of 35.

The position of this land is that it is situated within the old form Bell lease of 21st September, 1882, the rent of which is paid. It is also within the belt of the Calgary & Edmonton Railway, but Albert's settlement preceeds the railway order in Council of 16th November, 1891.

At your suggestion I asked Pearce to look into the case and he sends us a copy of his letter to Messrs. Osler & Co of 28th ultimo to the effect that Fred. Albert's brother (Thomas) squatted on this land as early as 1886, and subsequently transferred his interest to Fred. who took possession in 1891 and has resided there ever since; that Fred. also bought out the right of one Cyr, who was in partnership with Albert, paying him $400 which fact is corroborated by Cyr. Under the circumstances Mr. Pearce thinks there is no doubt that Fred. Albert should be recognized as a bona fide squatter in advance of the Order in Council granting any rights therein to the Calgary & Edmonton Railway. That the N. ½ of this quarter section lying east of Pincher Creek is reserved for stock watering purposes so that only the S. ½ of this S. E. ¼ could be sold. However, the S. ½ covers all Albert's improvements before survey and will give him all necessary access to Pincher Creek.

Messrs. Osler & Company now advise us that they

are

A.M.B.2.

are willing to sell to Albert as soon as the land is placed at their disposal, but point out that it is still covered by the lease to Bell Bros.

As to the S. E. ¼ of 36 which Albert wants to homestead he must obtain the consent of the Bell Bros.

I recommend that he be told about the position of the S. W. ¼ of 36 and that we offer to sell him the S. ½ of the S. E. ¼ of 35 in the event of his securing the permission of Bell Bros. to homestead the S. W. ¼ of 36.

Dear Sir,

Re. S.½ of S.E.¼ 35--[illegible]-4 W.5th M.

On the 24th August last the Department of the Interior wrote us as follows:-

"Referring to your letter of the 24th June last respecting the application of Mr.F.Albert to acquire the South half of the South East Quarter of Section 35, Township 5, Range 1 West of the 5th Meridian, I am directed to say that the Department accepts your offer to sell the half-quarter-section to Mr.Albert on the terms set forth in your letter of the 11th inst., provided he obtains the permission of the Messrs.Bell Bros. to homestead the South West Quarter of Section 36 in the same Township, and he will be advised to that effect. I may add that the South East Quarter of the Section 35 is not included in the lease to the Messrs.Bell Brothers."

On the 6th September we advised Mr.Albert of our offer to sell at the rate of $2.50 per acre provided he could obtain from Messrs.Bell Brothers permission to homestead on the S.W.¼ 36. We have heard nothing from Mr.Albert since but are advised by the Agent of Dominion Lands at Lethbridge that the S.W.¼ of section 36 as well as the S.½ of the S.E.¼ 35 stands vacant in his books

Will you kindly oblige us by communicating with Mr.Albert and advising him that he must get the matter closed within a reasonable time. If Mr.Albert does not do so we presume the Department will hand over the land to us as a portion of our land grant and cancel any claims which Mr. Albert may have to it.

Some time ago Mr. Fred. Albert requested that he be allowed to purchase the North half of the South East quarter of Section 30, Township 5, Range 1 West of the 5th Meridian, and the South West quarter of Section 36, same Township, lying East of Pincher Creek.

Upon the application being referred to Mr. Pearce, who made an investigation of the claim, he found by Albert, that Officer stated that he should Albert should be recognized as a bona fide squatter on the land in advance of the Order in Council granting the Calgary & Edmonton Railway Company any rights to the same, that the Railway Company, under the terms of the Order in Council giving the land grant, is precluded from giving to Albert the land claimed by him at the rate of $2.50 per acre. Mr. Pearce has advised accordingly, and has communicated with him, enquiring to know from the Agent at Lethbridge, had not taken advantage of the offer made to him.

Messrs. Osler, Hammond & Nanton, in a letter addressed to this Commissioner on the 1st of October last, state that Mr. Albert has established himself on the land, and that he will not vacate it, unless the Company will give him $2.50 per acre for the portion of the land he claims, and compel any claim which Albert may have to it. It seems almost incredible to me that the solicitors who were looking after the interests of the Diocese in the matter and the solicitor for the purchaser of this land could have allowed a deal to be consummated, if one was concluded for the sale of this property without some correspondence with the Department about it.

I am quite sure you will recognise the propriety of my request that, if there is anything on the file relative to the grant dealing with the matter, I be furnished with a copy of the same.

Re Sproat Grant numbered 1117.

Bishop Pinkham showed me to-day a letter from the Department to the effect that I formerly was written by somebody else.

Unfortunately there is not a soul now living here who has the slightest knowledge of this transaction. Bishop Pinkham, who was also Secretary-Treasurer of the Diocese is away down in British Honduras. Canon Gorbin, who was Chancellor of the Diocese, is dead. Mr. Longmore, who was the solicitor for the Diocese, is also dead and Mr. Bryan, who succeeded Mr. Longmore, is dead.

This transaction, whatever it was, certainly went through the hands of someone or more, if not all, of these five men and it is going to be a matter of some difficulty to trace the facts. The land involved is not in the Calgary Registration District but is in Edmonton and it will be necessary to make some inquiries there.

I am now the Chancellor of the Diocese and the Bishop has placed upon me the responsibility of tracing this matter up and seeing how it stands and that is to be done about it and I write for the purpose of asking that we be given all the time necessary this may involve some considerable delay but I assure you it will not be overlooked.

I would appreciate it very much if you would in the meantime, for my assistance, let me know if there is anything at all on the files in the way of correspondence or otherwise, since the

From the attached letter addressed to the Minister by Justice Walsh of Calgary, you will note that the Church Authorities are quite exercised over the Department's letter of the Lord Duke last with respect to the above, a copy of which is on file herewith. Will you kindly let me have a report together with your recommendation.

Memorandum.

Mr. Martin.

By Letters Patent dated the 26th July, 1897, Legal Subdivision 2 of Section 28, Township 40, Range 22, West of the 4th Meridian, an area of forty acres was conveyed to the Church of England, Parish of St. Monica, in trust for the purposes of the congregation of the Church of England and to be devoted to public purposes within the meaning of Clause 31 of the Dominion Lands Act.

It was ascertained by the Department that the whole of the area granted for Mission purposes was situated within the limits of the Town of Mirror and that with the exception of a plot 120 feet by 350 feet this Legal Subdivision had been sold in 1914 to the Grand Trunk Development Company who surveyed it for building lots.

In view of the restriction in the grant, the Department communicated with His Lordship the Rt. Reverend L. R. Sherman, Bishop of the Diocese of Calgary, by letter of the 23rd ultimo, asking as to the circumstances surrounding the disposal of this property.

The Honourable W. L. Walsh, Judge of the Supreme Court of Alberta, writes under date of the 30th ultimo, that he is now the Chancellor of the Diocese and that the Bishop has placed upon him the responsibility of tracing this matter up.

He

He wishes to know if there is anything at all on the files of the Department in the way of correspondence or otherwise since the making of the grant which would throw more light on the transaction and states it seems almost incredible to him that the solicitors who were looking after the interests of the Diocese in the matter and the solicitor for the purchaser of this land could have allowed a deal to be consummated without some correspondence with the Department.

Between the issue of Letters Patent and the investigation which showed the disposition of the land, there was no correspondence between the Department and the Bishop of the Diocese, or anyone representing the Church of England.

By memorandum of the 6th October, 1922, the Deputy Minister ruled that where lands having been granted for religious purposes and the Church Authorities wish to have the restriction removed, the property might be sold at the rate of $3.00 an acre, providing the Department is assured by the applicant that in the event of the disposition of the property the proceeds would be devoted to religious purposes.

Doubtless, the Registrar of Land Titles must have been at fault in the present case otherwise there could not have been registered the transfer of title from the Church Authorities to the Townsite Company and I would suggest that the Department communicate with the Registrar of Land Titles and ascertain if the responsibility for the error rests with him, and if such be the case, that action be taken, without payment, for the issue of Letters Patent which should merely grant any interest the Crown would still have in the lands in question, that is the patent should be in the nature of a quit claim.

Dear Judge Walsh,-

It was only a few days ago that your letter of the 30th ultimo relative to Legal Subdivision 2 of Section 33, Township 40, Range 22, West of the 4th Meridian, came to my attention. I regret the delay in acknowledging the receipt of same, but the above is the reason.

The subject matter of your communication has been considered, and the Registrar of Land Titles is being written to personally to ascertain particulars of the registration of the transfer and, on receipt of a reply, it may be possible to straighten out this matter to the satisfaction of all concerned. Until a reply has been received, very little, if any, information can be given you except, perhaps, that there is no correspondence on file in relation to this subject from the date of the issue of letters patent until this investigation commenced, between the Department and the Bishop of the Diocese of Calgary, or anyone representing the Church of England.

This case will be watched carefully and you will be kept fully advised of any proceedings which may take place. It is hoped that this will be satisfactory to you in the meantime.

24th February, 1930.

Sir,

I have your letter of the 30th December last on the subject of the title to Legal Subdivision 2 of Section 28, Township 40, Range 22, West of the 4th Meridian, which land was patented in July, 1897, to the Church of England, Parish of St. Monica, Lamerton, in trust for the purposes of the congregation of such church.

It is observed from your communication that this land, with the exception of one acre described by metes and bounds, was conveyed by the Church authorities to the Transcontinental Townsite Company, Limited, by transfer dated the 11th July, 1911, and that the same land was conveyed by the latter to the Grand Trunk Pacific Development Company, Limited, by transfer of the 16th August, 1911. It is also noted that these transfers contained no reservations.

The Department is at a loss to understand why the transfer from the Church to the Transcontinental Townsite Company, Limited, was accepted for registration in view of the habendum clause contained in the letters patent issued to the Church. Will you kindly state whether the responsibility for the oversight in this instance rests with your office, and at the same time be good enough to favour the Department with your views as to how the situation might be remedied.

A reply at your earliest convenience would be much appreciated.

Dear Sir:

Re: L.L. 1 of Sec. [illegible]-4-[illegible]-4

I duly received your letter of the 6th ultimo with reference to the above land having been transferred from the Church of England, with the exception of one acre.

The title in the name of the Church of England was issued in trust for the parish of St. Monica, and the transfer from them was approved by the Synod of the Diocese of Calgary, so that I am of the opinion that the error lay with the Church of England. I would suggest that you write to them, pointing out the facts and claiming the usual reimbursement charged by your Department for such lands.

As there appears to have been several of these patents issued to Church Officials and School Districts, it might be well if you have a list of the same to forward it so that we can check up the Titles, and if necessary place a memorandum on same prohibiting the registration of any transfers without the consent of your Department.

Memorandum

Mr. Martin.

Re L.S.2 of Sec.28-40-22-W.4th M.
Church of England.

The facts of this case are set forth in my memorandum of the 18th February, 1930.

Notwithstanding the habendum clause in the grant, the Church authorities had sold the area in the year 1914 to the Grand Trunk Development Company, who surveyed it for building lots.

It is the rule of the Department that, where lands having been granted for religious purposes, and the Church Authorities wish to have the restriction removed, the property might be sold at the rate of $3.00 an acre, providing the Department is assured by the applicant that in the event of the disposition of the property, the proceeds would be devoted to religious purposes.

It would seem this rule of the Department should be conveyed to Mr. Justice Walsh, with the intimation that the Department is willing to quit claim its interest in the land upon payment at the rate of $3.00 per acre, total, $120.00.

-Personal -

My dear Mr. Martin,-

Your letter of the 20th of February last re Legal subdivision 2 of Section 21, Township 40, Range 22, West of the 4th Meridian granted to the Parish of St. Monica arrived during my absence on circuit. I saw it for the first time to-day. I am very grateful to you for the trouble you are taking in this matter and for the hope which your letter gives that it may be possible to straighten out this matter to the satisfaction of all concerned. I was in Edmonton last week and I took occasion then to search the records in the Land Titles Office and I took a full memorandum of the transaction as it appears on these records. I am not bothering you with a report as to what they disclosed as you say in your letter you are in correspondence with the Registrar in the matter and you will no doubt have procured from him before you receive this letter the information which you need. If there is anything further that you would like to know as to the facts disclosed in the Land Titles Office at Edmonton, I will be only too glad to procure and place the same before you.

In view of your letter I am not concerning myself any further with this matter at the present time but will await a further communication from you.

Yours truly,

Dear Judge Walsh,-

In reply to yours of the 3rd instant re Legal Subdivision 2 of Section 28, Township 40, Range 22, West of the 4th Meridian, it might be mentioned that the Deputy Registrar at Edmonton has given us the information required in connection with this property and, in order to clear up the situation, it has been decided that the Department will quit claim its interest in this land upon payment for same at the rate of $3.00 per acre, making a total of $120.00.

This decision is in accordance with past practices where religious bodies wish the habendum clause in a grant removed so that property may be disposed of and the proceeds be devoted to religious purposes.

You will be communicated with officially along this line, and it is hoped that this information will be satisfactory in the meantime.

Sir,

Re L.S. 2, Sec. 28-40-12-W.4th M.
Church Grant.
Calgary Agency File 205875.

By letters patent dated the 26th July, 1897, the above mentioned land, containing forty acres, was conveyed to the Church of England Parish of St. Monica, in trust for the purposes of the Congregation of the Church of England, and to be devoted to public purposes.

It was ascertained by the Department that the whole area granted for mission purposes was situated within the limits of the Town of Mirror, and that, with the exception of a plot 120 feet by 330 feet, this legal subdivision had been sold in 1914 to the Grand Trunk Development Company, who surveyed it for building lots.

In view of the restriction in the grant, and after correspondence with the Church Authorities, the area was sold to the Church at the rate of $3.00 an acre, with the assurance that the monies received from the sale of the property by the Church had been used for Church purposes.

The sum of $120.00 was received here but the required action to quit claim the land was not completed before the transfer of the resources to the Province.

The following correspondence is enclosed for your information.

Inspector's report dated the 18th September, 1929.
Letters from the Deputy Registrar, North Alberta Land Registration District, Edmonton, dated the 30th December, 1929, and 3rd March, 1930. Letter from Mr. Justice W. L. Department of the Interior.

Calgary, March 3rd, 1900.

Sir,—I

In an affidavit taken before a Surveyor, on the 4th inst., Mr. Alexander Aird, claims the right to entered the N.W. ¼ , and Pre-empt the S. W. ¼ of the same, the price of the latter to be $1. per acre. The person lives on either, and appears to have taken up residence on the N. W. ¼ of said Section in the Spring of 1899. His improvements consist of a shack 10 x 12 , with a window, and a stable 12 x 14 , with a loft. He has also broken about 5 acres, and has under cultivation, principally wild land. He has also a valuable interest in an irrigation ditch, which cost $200 .00 . At date he first made improvements he knew he was on an odd Section, and if he had known otherwise, he would have learned that fact, and were not a qualified entry. A copy of the affidavit alluded to was received at this office on the 8th of June, 1899, and seems to have reached the office of the Commissioner of Dom. Lands on the 4th of July, 1899, and on the 6th of Jan. 1900, the Calgary Agent his instructions to grant entry to 160 acres , and sell him the balance of the 320 acres.

On the 6th of Feb. 1900, he is notified of the terms.

On the 26th of Sept. 1899, he executes the application and asks to obtain 320 acres , 160 as a Homestead , namely the S.E.¼ 35, the N. E. ¼ of same, in Township 30, - Range 4, - part of the N. W. ¼ 30, - and part of the S. W. ¼ 31, the two latter being in Tp. 30, - Rge. 3, - W. of 4th . He accompanied the same with a sketch ; this was forwarded to Commr. by Agent on the 30th of Sept. 1899. On the 14th of Oct. 1899, this was referred to H. O.

I shall not grant entry to Aird until specially instructed , and if requested to report on the case, will do so. But if reference be made , please be explicit, as to what extent I am to report, whether as to his right to a Homestead including a right to purchase , or only the latter.

M e m o r a n d u m :

The Commissioner refers here for instructions the cases of the following squatters who squatted upon lands in Township 2?, Range 4 West of the 3rd Meridian, prior to survey. They are as follows :-

1st. John Ware claims as his homestead the South West quarter of Section ? and to purchase Legal Subdivisions 13 and 14 of Section ?3 and Legal Subdivision 1 of Section ?? at $1 per acre. He states his bona fide residence since the year 1??, has 14 acres under crop and buildings to the value of $???). Has $500. worth of cattle on the South West quarter of Section ? and stock to the number of 1? horses and 15? head of cattle. This information is taken from his affidavit made before A.W. Wilkins, D.?.?., on the ?1st July, 1??4.

2nd. Alexander Aird claims as his homestead the North West quarter of Section ? and to purchase the

- South -

A.M. Burgess, Esq.,

Deputy Minister of the Interior.

head of cattle and 15 horses. This information is taken from her affidavit made before F.W. Wilkins, D.T.S., on the 21st July, 1893.

5th Joseph T. White claims as his homestead the South West quarter of Section 25 and to purchase the North East quarter of Section 25 at $1 per acre. He settled upon the land during the year 1887, and lives upon the adjoining quarter-section, has no crop cultivated and no expenditure in buildings. He claims to have $50 worth of building material on the ground and has half interest in an irrigation ditch ~~waxik~~ valued at $500. He also has half interest in 50 head of cattle and 10 horses. This information is taken from his affidavit made before F.W. Wilkins, D.T.S., on the 21st July, 1893.

The plan of the subdivision survey of the North easterly portion of this Township was approved by the Surveyor General on the 21st day, 1894, and therefore each one of the above mentioned claimants squatted upon their lands some time previous to survey. Those portions of Sections 27 and 28 lying North of Sheep's Creek are within Reserve No. 2, and under lease to Mr. Joseph Fisher. The Township is not within any railway grant. Title to Section 2 has not yet passed to the Hudson's Bay Company.

With the exception of Jean Mirk, who claims

- entry -

entry for the South West quarter of Section 34, all the others have squatter upon odd-numbered Sections or Hudson's Bay Company Section 26 and consequently special authority must be granted for these.

From the foregoing it will be observed that in Section 26 the only portion claimed is the South West quarter and should it be deemed advisable to recognize the claim the only portion of the Section the Hudson's Bay Company will have to be asked to release will be this quarter, although from the plan of the Township there appears to be a good deal of fencing and ditching in other portions of it.

A plan of this Township is hereto attached.

Sir,

I am directed to acknowledge the receipt of your letter of the 6th of August last, ref.Nos.[illegible], and enclosing copies of applications made by five persons, Alex.Bird, John Ware, John Cairns, Sidney Bell and Joseph Ware, to purchase certain sections in Township 7, Range 4, West of the 5th Meridian.

With regard to the case of John Ware, the deputy minister instructs me to point out that the land was taken in August, 1906, the date on the 12th December, 1907, and to obtain homestead entry. It was found, however, that the land claimed by him as a homestead and the land [illegible] Section 14, which is Crown's Lot Company land. It was explained to Mr.Ware that he has only the [illegible] of taking either land in the Hudson's Bay Company survey, but did not inquire [illegible]. It would thus appear that Mr.Evans cannot be granted the privilege of a homestead for this quarter section. Mr. Evans thinks, however, that he might be granted as a homestead 160 acres comprising that part of the East half of Section 17, lying East of the East line of Knee Creek, as Mr. Purves is willing to agree to this if the Commissioner sees no objection.

With regard to the other four cases Mr.Purves instructs me to say that in these cases are all Speaters before survey on old Indian reserve, and are not included in the railway lands, they would be entitled to obtain homestead entry for the same, or to purchase whatever other lands they may be eligible to homestead in excess of 160 acres. As the remaining applicants are entered for portion lands at this time they will not come into question.

Millarville P.O.,

Dear Sir,

With reference to my application for land on Sheep Creek and your offer to forward my application if put in writing to Head Office I here state what I wish along with a rough ~~sketch~~ plan of same shewing how the road lately surveyed passes through it.

I wish to get 320 acres consisting of 140 acres part of E.½ of sec.25, Tp.20, R.4, W of 5, 90 acres of this being N.½ of S.E.¼ and 80 acres S.½ of N.E.¼ of above section marked 1 and 2 on my plan, the other 180 being part of N.W.¼ of sec.30 Tp.20, R.3, W.5 M., and a corner of S.W. ¼ of Sec.31 on same Township, pieces marked 3 and 4. The road surveyed cuts off corner of N.W.¼ of Sec.30 from the balance and also cuts off about the same quantity of S.W.¼ of Sec.31 from the bigger part and when it was surveyed by road Surveyor he was going to suggest an exchange of these pieces, I would like to get land in either of the following ways. The first would suit me best on account of having already built house, stable etc, on it and on account chiefly of having running water all the year round for stock on it.

1st. To homestead pieces 1 and 2 and purchase 3 and 4 at $2.50 an acre.

2nd. To homestead pieces 3 and 4 and do my homestead duties on the principle in fall when I settled on land (previous to survey) of residence within the two mile radius, and purchase pieces 1 and 2 at $2.50 an acre.

I

I prefer the last of these ways on account of water. Under the second way I would have to keep cattle in winter about ½ a mile from where I could build and cultivating the land of which there is only about 45 acres possible would only make it of less value as at present hay grows with irrigation and we cannot even depend on getting feed of our crops and grain ripening I never saw in the district.

Your suggestion about purchasing the 3 quarter-sections I could not see my way to purchase at the price asked as with the stock I have I could not keep up my payments and I think that as there is only about 90 acres of land fit to cultivate for hay just now and about 45 which can be cleared of brush and made to grow hay, the balance being only suitable for pasture, I am taking a very good share of very indifferent land along with what is or can be made my land.

I am Sir,

The Dominion Lands Commissioner;

No. 10524
File 16869

Department of the Interior,
Dominion Lands Office,
Calgary, March 23rd, 1896.

Sir,

See File of your office 30th of Jan. 1895, 31609 on 31Ottawa, See H.O.Ref. 302760.

In an affidavit taken before a Surveyor on the 21st July, 1893, Mr.Alexander Aird claims the right to homestead the N.E.¼ 26 and pre empt the S.E.¼ of the same, the price of the latter to be $1 per acre. He never lived on either, and appears to have taken up his residence on the N.W.¼ of said section in the Spring of 1892, but how much residence he has done does not appear. His improvements which he values at $200 building material, and fencing on ground he values at $100, whether the latter amount is included in the former is not very clear, but think it is probable a portion, probably all, is. He has also a half interest in an irrigation ditch which cost $300. At date he first made improvements he knew he was on an odd section, and if he had enquired he would have learned odd Sections are, and were not open for entry. A copy of the affidavit alluded to was received at this office on the 30th June, 1894, and seems to have reached the office of the Commissioner of Dominion Lands on the 28th July, 1894, and on the 30th January 1895 the Calgary Agent is instructed to grant entry to 160 acres, and sell him the balance at $3 per acre.

On the 4th February, 1895, he is notified of the terms.

On the 26th Sept. 1895 he changes his applicatio and

and asks to obtain 320 acres, 160 as a homestead partly of the S.E.¼ 25, the N.E.¼ of same in Section Township 20 Range 4, part of the N.W.¼ 30, and part of the S.W.¼ 31, the two latter being in Tp. 20, Rge.3,W. of 4th.

He accompanied the same with a sketch, this was forwarded to Comr. by Agent on the 30th Setp.1895.

On the 14th of Oct. 1895, this was referred to H.O. by you.

I shall not grant entry to Aird until specially instructed, and if requested to report on the case will do so.

But if reference be made please be explicit as to what extent I am to report, whether as to his right to a homestead including a right to purchase, or only the latter.

Memorandum. Mr. Reeve.

It is observed that, according to this correspondence, the cases of A. Aird and J. T. Wait are still unsettled. I would like to know before proceeding further what entries or purchases, if any, have been made by Aird, J. T. Wait or Mrs. Mary Wait. I would further like to know the present position of the land covered by Aird's latest application and whether you know of any obstacle to its being granted. (See references 40738, 40836, 40844, and Mr. Campbell's Precis, which are all the papers on this file, as far as I can find, relating particularly to Aird's case.) Please illustrate your report by a diagram.

In Wait's case, if entry has not already been granted, please read over 40666, 40816, and 40860. Note particularly what Mr. Pearce says about the price per acre of the quarter-section to be sold to Mr. Wait.

In reply to your memorandum of 11th instant, I beg to say that the portion of the land last applied for by Alexander Aird, being a part of the South West quarter of Section 31 lying south of the road and part of the North West quarter of Section 30 lying south of the road in Township 20, Range 3 West of the 5th Meridian, I find that all of the south West quarter of Section 31 has been disposed as coal lands sales. The North West quarter of Section 30 is, however, vacant according to the returns from the Calgary Agency up to the 31st ultimo. I may add that Aird has already applied to be allowed to irrigate this latter mentioned quarter section.

Sir,

Re yours of the 25th ult.401038,& 390732, Ref;390732,fyle 362780,an application by Mr. Aird,to acquire portions of Sections 25,20,-4, - W. of 5th Mn. and 30, - 20, - 3, -W. of 5th Mn.I would say;

There is no reason why Mr. Aird should not be permitted to Homestead the N.W.¼ of Sec. 30, - 20, - 3, -W. of 5th ,and barring whatever right if any, the C.& E. Ry Co.may have to 25, -20, 4, W. of 5th ,there is no reason why a sale of a portion of it may not be made to him ,though there is neither legal ,or moral obligation to grant him a Homestead thereto . Having decided he should Homestead a portion of 30, and purchase a portion of 25, if it be found that it be more convenient for him to reside on 25, than on 30, it then becomes an interchange of his Homestead and purchase rights ,no injury is done anyone because of such exchange,therefore on his paying in the 1st installment on either the N.W.¼ 25, or the N½ of the S.W.¼ & S.½ of the N.W. ¼ of said 25, at $3.oo,per acre /. $120.oo in all he should then be accorded the right to Homestead th the portion thexSiXeexxxpxiixdxxxxx of Section 25, and the $120.oo applied on the purchase of the N.W.¼ of Section 30.

The Secretary. of the, (over.

Department of the Interior, Ottawa.

Or possibly the better way would be for him to apply to purchase the portion of 25, and pay in the ampunt mentioned ,and obtain his receipt ,and then apply to have it exchanged for which is open for Homestead entry on condition he be allowed to Homestead the desired portion of Section 25.

Mr. Alex. Aird purchased on the 27th May, 1897, the N. W. ¼ 30--20--, W. 4th., at the current rate, and hospital on account thereof two instalments of $110 each and interest amounting to $21.10, leaving a balance due of $220 with current interest.

In December last Mr. Aird complained that he was asked $2 per acre, and stated that he would not pay more than $1.50 per acre. In reply, he was told that the matter would be considered, and, in the meantime, letters were sent to the Agent at Calgary to have the land inspected and valued by a competent inspector. Mr. Hogarth Inspector Tregillus now reports that Mr. Aird was made the following interests in the quarter-section [illegible]: "One mile "and a quarter of rail fence, cost $100, 0 acres "of seeding, $10.00, 2 miles of irrigable ditch "([illegible] acres each)." Mr. Tregillus, further: "Mr. Aird's balance is due next autumn, "when he is residing upon it and cultivating "a number of cattle and horses. He is a good "settler. There is about 70 acres under irrigation "and fit for cultivation, the price is worth $2.50 "per acre. The balance is only fit for grazing "purposes

Under the circumstances, I beg to recommend that the price be reduced to £1. 0 per acre all round, which is the [illegible] rate greater by 5% only than by selling the land at the figures given by the Lands Inspector.

The Agent at Lethbridge submits an application from Mr. W. S. Anderton to purchase that portion of the S.W.¼ of Section 14, Township 9, Range 22, West of the 4th Meridian, lying north of the Old Man's River, containing forty-three acres more or less.

The land applied for is vacant, according to our records, and there appears to be no objection to it's being sold at the current rate of $3 an acre.

In 1895 Mr. Arthur Skead was permitted to purchase the said land, but did not take advantage of the privilege.

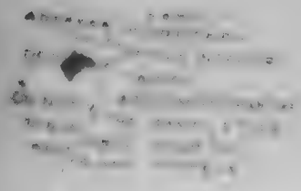

Mr. Anderton states in his application that the land applied for is rendered necessary to him in connection with the N.E.¼ of the same section, which his wife has bought from Mr. Skead.

Sir,

I am directed to acknowledge your letter of the 9th September last, and to express regret that owing to the papers in the matter having been mislaid the reply thereto has been delayed.

All that portion of the S. Anderton on the 9th May, 1908. The latest edition of the plan of this township, approved and confirmed by the Surveyor-General on the 24th August, 1910, shows the area to be 32.9 acres.

No disposition has been made of Island No. 5 in the above quarter-section, and as the township plan shows it to be an island, it must be regarded as such, and it is therefore withdrawn from settlement and sale.

Dec 18th 1891

Sir

On account of difficulty in obtaining a sufficient supply of water on my homestead and purchased quarter sections I would like to purchase 40 acres of land near me where water may be easily had.

The Agent at Red Deer told me last summer that some man made application to homestead the North-West quarter of Sec. 6 Township 45 Range 23 but there is no improvement nor sign of occupation.

If the land is open to purchase at the rate of $3. per acre I am prepared to make a payment thereon as soon as my application is accepted. If my application is not in proper form please let me know but keep the land for me until I can make it good.

I remain truly
(Sgd) John J. MacDermott
